CAUTIONARY NOTE ABOUT FORWARD LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains or may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and Section 21E of the Exchange Act. All statements other than statements of historical facts contained in this quarterly report, including statements regarding our business strategy, plans and our objectives for future operations, are forward-looking statements. Further, statements that include words such as “anticipate,” “believe,” “continue,” “could,” “estimate,” “future,” “expect,” “intend,” “may,” “might,” “plan,” “potential,” “present,” “preserve,” “project,” “pursue,” “should,” “will,” or “would,” or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements.

We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. The achievement or success of the matters covered by such forward-looking statements involves significant risks, uncertainties and assumptions, including, but not limited to, the important factors discussed in Part II, Item 1A, “Risk Factors” in this Quarterly Report on Form 10-Q and our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on February 26, 2024. Moreover, we operate in a very competitive and rapidly changing environment and industry. As a result, it is not possible for our management to assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this Quarterly Report on Form 10-Q may not occur and actual results could differ materially and adversely from those anticipated, predicted or implied in the forward-looking statements.

Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- actions of our majority shareholder or other third parties that influence us;
- our reliance on third-party platforms, such as the iOS App Store, Facebook, and Google Play Store, to distribute our games and collect revenues, and the risk that such platforms may adversely change their policies;
- our reliance on a limited number of games to generate the majority of our revenue;
- our reliance on a small percentage of total users to generate a majority of our revenue;
- our free-to-play business model, and the value of virtual items sold in our games, is highly dependent on how we manage the game revenues and pricing models;
- our inability to identify acquisition targets that fit our strategy or complete acquisitions and integrate any acquired businesses successfully or realize the anticipated benefits of such acquisitions could limit our growth, disrupt our plans and operations or impact the amount of capital allocated to mergers and acquisitions;
- our ability to compete in a highly competitive industry with low barriers to entry;
- our ability to retain existing players, attract new players and increase the monetization of our player base;
- we have significant indebtedness and are subject to the obligations and restrictive covenants under our debt instruments;
- the impact of the COVID-19 pandemic or other health epidemics on our business and the economy as a whole;
- the impact of an economic recession or periods of increased inflation, and any reductions to household spending on the types of discretionary entertainment we offer;
- our controlled company status;
- legal or regulatory restrictions or proceedings could adversely impact our business and limit the growth of our operations;
- risks related to our international operations and ownership, including our significant operations in Israel and Ukraine and the fact that our controlling stockholder is a Chinese-owned company;
- geopolitical events, such as the Wars in Israel and Ukraine;
- our reliance on key personnel;
- market conditions or other factors affecting the payment of dividends, including the decision whether or not to pay a dividend;
- uncertainties regarding the amount and timing of repurchases under our stock repurchase program;
- security breaches or other disruptions could compromise our information or our players’ information and expose us to liability; and
- our inability to protect our intellectual property and proprietary information could adversely impact our business.

Additional factors that may cause future events and actual results, financial or otherwise, to differ, potentially materially, from those discussed in or implied by the forward-looking statements include the risks and uncertainties discussed in the sections entitled “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in this Quarterly Report on Form 10-Q and our Annual Report on Form 10-K filed with the SEC on February 26, 2024. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur, and reported results should not be considered as an indication of future performance. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

Except as required by law, we undertake no obligation to update any forward-looking statements for any reason to conform these statements to actual results or to changes in our expectations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
(In millions, unless specified otherwise)

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of business and organization

Playtika Holding Corp. (“Playtika”) and its subsidiaries (together with Playtika, the “Company”) is one of the world’s leading developers of mobile games creating fun, innovative experiences that entertain and engage its users. It has built best-in-class live game operations services and proprietary technology tools to support its portfolio of games which enable it to drive strong user engagement and monetization. The Company’s games are free-to-play, and the Company seeks to provide novel, curated in-game content and offers to its users, at optimal points in their game journeys to drive user engagement and monetization.

Basis of presentation and consolidation

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”) and include Playtika and all subsidiaries in which the Company has a controlling financial interest. Control generally equates to ownership percentage, whereby (i) affiliates that are more than 50% owned are consolidated; (ii) investments in affiliates of 50% or less but greater than 20% are generally accounted for using the equity method where the Company has determined that it has significant influence over the entities; and (iii) investments in affiliates of 20% or less are generally accounted for at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer.

The significant accounting policies referenced in the annual consolidated financial statements of the Company as of December 31, 2023 have been applied consistently in these unaudited interim consolidated financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been recorded within the accompanying financial statements, consisting of normal, recurring adjustments, and all intercompany balances and transactions have been eliminated in the consolidation. Certain amounts in the consolidated financial statements for the previous years have been reclassified to be consistent with current year presentation. These reclassifications had no effect on previously reported net income. Operating results for the three and six months ended June 30, 2024 are not necessarily indicative of the results that may be expected for the year ending December 31, 2024. For further information, reference is made to the consolidated financial statements and footnotes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023, as filed with the SEC on February 26, 2024.

Use of estimates

The preparation of the interim consolidated financial statements in conformity with U.S. GAAP requires management to make estimates, judgments and assumptions. The Company’s management believes that the estimates, judgments and assumptions used are reasonable based upon information available at the time they are made. These estimates, judgments and assumptions can affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the dates of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Amendment to Stock Purchase Agreement

On September 14, 2023, the Company entered into a Share Purchase Agreement (the “Purchase Agreement”) pursuant to which the Company agreed to acquire all of the issued and outstanding share capital of G.S InnPlay Labs Ltd. (“InnPlay”) for an aggregate purchase price equal to (i) \$80 million, subject to customary closing adjustments, and (ii) earnout payments of up to \$220 million, the amounts of which will be based on certain revenue growth performance metrics of InnPlay during the two years following the closing of the transaction. On June 18, 2024, the Company and InnPlay signed the first amendment to the Purchase Agreement which reduces the maximum cap on the total earnout from \$220 million to \$170 million and adjusted certain of the associated underlying performance metrics. The Company recorded \$16.2 million of income to general

and administrative expense during the quarter ended June 30, 2024 to adjust its recorded earnout liability to the current estimated fair value of the total amount to be paid under the earnout, as amended.

Concentration of credit risk and significant customers

Financial instruments, which potentially expose the Company to concentrations of credit risk, consist primarily of cash and cash equivalents, short-term investments, restricted cash, accounts receivable and derivative contracts. The Company’s investment policy imposes certain maturity limits on the Company’s portfolio and restricts the permitted investments to the purchase of bank deposits and highly rated fixed income securities.

Apple, Facebook and Google are significant distribution, marketing, promotion and payment platforms for the Company's games. A significant portion of the Company’s revenues has been generated from players who accessed the Company's games through these platforms. Therefore, the Company's accounts receivable are derived mainly from sales through these three platforms. The Company performs ongoing credit evaluations of its customers.

The following table summarizes the major accounts receivable of the Company as a percentage of the total accounts receivable as of the dates indicated:

	June 30, 2024	December 31, 2023
Apple	58%	56%
Google	26%	28%
Facebook	4%	4%

Accounts receivable are recorded at their transaction amounts and do not bear interest. The Company bases its allowance for credit losses on management's best estimate of the amount of probable credit losses in the Company's existing accounts receivable based on historical collection experience and current and expected future economic and market conditions.

Cash and cash equivalents and Short-term investments

Cash and cash equivalents consist of cash and highly liquid investments with maturities of three months or less from the date of purchase and are stated at the lower of cost or market value. Cash equivalents include investments in term deposits, commercial papers and money market funds that can be redeemed immediately at the current net asset value.

Investments with maturities of more than three months but less than one year from the date of purchase are included in short-term investments. Such short-term investments include investments in term deposits and commercial papers and are stated at cost which approximates fair market value.

The Company classifies its debt securities as available-for-sale (“AFS”). AFS debt securities are carried at fair value, with unrealized gains and losses, net of tax, reported in accumulated other comprehensive income (loss) in stockholders’ equity. Realized gains and losses on sale of investments are included in Interest and other, net on the statements of comprehensive income and are derived using the specific identification method for determining the cost of securities sold. The amortized cost of debt securities is adjusted for amortization of premiums and accretion of discounts to maturity. Such amortization together with interest on securities is included in Interest and other, net.

Employee related benefits

Appreciation and retention plan

In August 2019, the Company adopted the Playtika Holding Corp. Retention Plan (the “2021-2024 Retention Plan”) in order to retain key employees and reward them for contributing to the success of the Company. Under the 2021-2024 Retention Plan, eligible employees may be granted retention units that let them receive their pro-rata portion of a retention pool of \$25 million per year for each of the plan years, and may also be granted appreciation units, which allow the employee to

receive their pro-rata portion of an appreciation pool calculated as a specified percentage of Adjusted EBITDA for each of the plan years.

The value of each unit of the 2021-2024 Retention Plan has been amortized into compensation expense using the straight-line method, which will result in the recognition of compensation costs in the same years as the underlying EBITDA used in the plan measurement is earned.

The Company recognized compensation expenses in respect of retention bonus and appreciation unit awards under its appreciation and retention plans of \$23.3 million and \$29.1 million during the three months ended June 30, 2024 and 2023, respectively, and \$46.2 million and \$58.9 million during the six months ended June 30, 2024 and 2023, respectively.

Derivative instruments

The Company uses interest rate swap contracts to reduce its exposure to fluctuating interest rates associated with the Company's variable rate debt, and to effectively increase the portion of debt upon which the Company pays a fixed interest rate. The Company's interest rate swap agreements are designated as cash flow hedges under Accounting Standards Codification ("ASC") 815, *Derivatives and Hedging* ("ASC 815"), involving the receipt of variable amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreement, without the exchange of the underlying notional amount. These hedges are highly effective in offsetting changes in the Company's future expected cash flows due to the fluctuation of the Company's variable rate debt.

The Company monitors the effectiveness of its hedges on a quarterly basis, both qualitatively and quantitatively. The Company performed a regression analysis at inception of the hedging relationship and at period end in which it compared the change in the fair value of the swap transaction and the change in fair value of a hypothetical interest rate swap having terms that identically match the terms of the debt's interest rate payments based on historical swap rates. The Company believes that the hedging instruments are expected to be highly effective at offsetting changes in the hedged transactions attributable to the risk being hedged. For each future reporting period, the Company will continue performing retrospective and prospective assessments of hedge effectiveness in a single regression analysis by updating the regression analysis that was prepared at the inception of the hedging relationship.

The Company uses foreign currency derivative contracts to reduce its exposure to fluctuating exchange rates between the United States dollar (as the Company's functional currency) and certain expense lines denominated in Euros ("EUR"), Israeli Shekels ("ILS"), Polish Zloty ("PLN") and Romanian Leu ("RON"). The Company's derivative contracts are designated as cash flow hedges under ASC 815. The Company monitors the effectiveness of its hedges on a quarterly basis, both qualitatively and quantitatively, and expects these hedges to remain highly effective at offsetting fluctuations in exchange rates through their respective maturity dates. See *Note 6, Derivative Instruments*, for additional discussion.

The fair value of derivative financial instruments is recognized as an asset or liability at each balance sheet date, with changes in fair value recorded in other comprehensive income on the consolidated statements of comprehensive income until the future underlying transactions occur. The fair value approximates the amount the Company would pay or receive if these contracts were settled at the respective valuation dates. The inputs used to measure the fair value of the Company's interest rate swap agreements and foreign currency derivative contracts are categorized as Level 2 in the fair value hierarchy as established by ASC 820, *Fair Value Measurement* ("ASC 820"). See *Note 7, Fair Value Measurements*, for additional discussion.

Investment in unconsolidated entities

The Company holds certain equity investments in various unconsolidated entities that, based upon the structure of the investment, are not within the scope of equity investment accounting that would lead to the consolidation conclusions above. Instead, these investments fall within the scope of ASC 321, *Investments - Equity Securities*. As permitted within that guidance, the Company has elected to account for these investments at cost less impairment, adjusted for changes in fair value from observable transactions for identical or similar investments of the same issuer as of the respective transaction dates. During the six months ended June 30, 2024, the Company recorded an impairment of \$7.0 million related to one of its

investments in an unconsolidated entity. No change to the carrying amounts were recorded in the six months ended June 30, 2023.

Net income per share attributable to common stockholders

For all periods presented herein, basic net income per share is calculated by dividing net income by the weighted-average common shares outstanding. Diluted net income per share reflects the effect of all potentially dilutive common shares outstanding by dividing net income by the weighted-average of all common and potentially dilutive shares outstanding. Performance Stock Units (“PSUs”) are considered potentially dilutive as of the first day of the reporting period in which the underlying performance metric is achieved. In the event of a loss, diluted shares are not considered because of their anti-dilutive effect. The Company uses the treasury stock method on a grant-by-grant basis as the method for determining the dilutive effect of options, RSUs and PSUs. Under this method, it is assumed that the hypothetical proceeds received upon settlement are used to repurchase common shares at the average market price during the period.

NOTE 6. DERIVATIVE INSTRUMENTS

Interest Rate Swap Agreements

In March 2021, the Company entered into two interest rate swap agreements, each with a notional value of \$250 million. Each of these swap agreements is with a different financial institution as the counterparty to reduce the Company's counterparty risk. The initial terms of each swap required the Company to pay a fixed interest rate of 0.9275% in exchange for receiving one-month LIBOR. In June 2023 these two interest rate swap agreements were amended so that effective July 31, 2023, the Company will pay a fixed interest rate of 0.85% in exchange for receiving one-month Term SOFR. The amendment did not impact the hedge effectiveness.

The interest rate swap agreements settle monthly commencing in April 2021 through their termination dates on April 30, 2026. The estimated fair value of the Company's interest rate swap agreements is derived from a discounted cash flow analysis.

In January 2023, the Company entered into two interest rate swap agreements, each with a notional value of \$250 million. Each of these swap agreements is with a different financial institution, and each swap requires the Company to pay a fixed interest rate of 3.435% in exchange for receiving one-month LIBOR for six months and one-month Term SOFR afterwards. The interest rate swap agreements settle monthly commencing in February 2023 through their termination dates on February 28, 2028. The estimated fair value of the Company's interest rate swap agreements is derived from a discounted cash flow analysis.

The aggregate fair value of the Company's interest rate swap agreements was an asset of \$45.5 million as of June 30, 2024 and was recorded in prepaid expenses and other current assets and other non-current assets in the accompanying consolidated balance sheets based upon the timing of the underlying expected cash flows.

Foreign currency hedge agreements

At June 30, 2024, the Company had outstanding derivative contracts to purchase certain foreign currencies, including EUR, ILS, RON, and PLN at future dates. The amount of future salary expenses the Company had hedged was approximately \$207.9 million, and all contracts are expected to mature during the upcoming 12 months. The aggregate fair value of the Company's derivative contracts was a net liability of \$2.3 million as of June 30, 2024 and was recorded in prepaid expenses and other current assets and accrued expenses and other current liabilities in the accompanying consolidated balance sheets.

The following table summarizes the volume of derivative instrument activity (in millions):

	Three months ended June 30,		Six months ended June 30,	
	2024	2023	2024	2023
Derivative instruments - foreign currency derivative contracts	\$ 65.4	\$ 54.0	\$ 105.4	\$ 92.7
Derivative instruments - interest rate swaps	—	—	—	500.0
Derivative instruments - others (non-hedging)	—	(0.3)	—	1.6

NOTE 7. FAIR VALUE MEASUREMENTS

The Company accounts for fair value in accordance with ASC 820. Fair value is defined under ASC 820 as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. The Company uses a three-tier hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying value of accounts receivable and payables and the Company's cash and cash equivalents, short-term investments and restricted cash approximates fair value due to the short time to expected payment or receipt of cash.

The following table summarizes the fair value measurement of the Company's long-term debt (in millions):

June 30, 2024			
	Face Value	Fair Value	Fair Value Hierarchy
Term Loan	\$ 1,843.0	\$ 1,843.0	Level 2
Senior Notes	600.0	522.0	Level 2
Total debt	\$ 2,443.0	\$ 2,365.0	

December 31, 2023			
	Face Value	Fair Value	Fair Value Hierarchy
Term Loan	\$ 1,852.5	\$ 1,847.9	Level 2
Senior Notes	600.0	525.8	Level 2
Total debt	\$ 2,452.5	\$ 2,373.7	

The estimated fair value of the Company's term loan is based upon the prices at which the Company's debt traded in the days immediately preceding the balance sheet date. As the trading volume of the Company's debt is low relative to the overall debt balance, the Company does not believe that the associated transactions represent an active market, and therefore this indication of value represents a level 2 fair value input.

The following table sets forth the assets and liabilities measured at fair value on a recurring basis in the Company's consolidated balance sheets at June 30, 2024 and December 31, 2023 (in millions):

	Fair Value Hierarchy	Fair Value at	
		June 30, 2024	December 31, 2023
Cash equivalents			
Money market funds	Level 1	\$ 346.2	\$ 524.4
Term deposits	Level 1	66.2	290.3
Commercial papers	Level 2	129.6	104.8
Short-term investments			
Term deposits	Level 1	132.8	—
Commercial papers	Level 2	257.3	—
Prepaid expenses and other current assets			
Derivative instruments - interest rate swaps	Level 2	\$ 27.8	\$ 25.3
Derivative instruments - foreign currency derivative contracts	Level 2	0.9	4.3
Other non-current assets			
Derivative instruments - interest rate swaps	Level 2	\$ 17.7	\$ 15.2
Accrued expenses and other current liabilities			
Derivative instruments - foreign currency derivative contracts	Level 2	\$ 3.2	\$ 0.9
Other long-term liabilities, including employee related benefits			
Derivative instruments - interest rate swaps	Level 2	\$ —	\$ 4.4

The change in fair value of contingent consideration payable was valued using significant unobservable inputs (Level 3), was included in the general and administrative expenses in the Company's consolidated statements of comprehensive income and consisted of the following (in millions):

Balance as of January 1, 2024	\$ 66.8
Fair value adjustments based upon post-acquisition performance	(13.4)
Balance as of June 30, 2024⁽¹⁾	<u>\$ 53.4</u>

⁽¹⁾ Amount comprised of \$51.0 million and \$2.4 million for InnPlay and Youda Games acquisitions, respectively.

The carrying values of the Company's cash equivalents and short-term investments approximate fair value because of the short duration of these financial instruments.

The Company estimates the fair value of interest rate swap contracts by discounting the future cash flows of both the fixed rate and variable rate interest payments based on market yield curves. The inputs used to measure the fair value of the Company's interest rate swap contracts are categorized as Level 2 in the fair value hierarchy as established by ASC 820. The inputs used to measure the fair value of the Company's foreign currency contracts are categorized as Level 2 in the fair value hierarchy as established by ASC 820.

The Company estimated the fair value of its contingent consideration liabilities using a Monte Carlo simulation to model components of cash flow analyses. These fair value measurements are based on significant inputs not observable in the market and thus represent Level 3 measurements as defined in ASC 820. The extent to which the actual results differ from

assumptions made within the Monte Carlo simulation cash flow analysis will result in adjustments to this liability in future periods.

NOTE 8. COMMITMENTS AND CONTINGENCIES

In November 2013, the Company's subsidiary, Playtika, Ltd., sent an initial demand letter to Enigmatus s.r.o., a game developer in the Czech Republic, which owns various U.S. trademark registrations that resemble the Company's Sloto-formative trademark names, demanding that it cease use of the trademark Slotopoly. In response, Enigmatus s.r.o. asserted that it was the owner of the Sloto-formative trademarks and denied that its game title infringed upon the Company's trademarks. Enigmatus s.r.o. applied to register one of the Company's trademarks in the United Kingdom and European Union, and the Company successfully opposed its applications. In December 2016, Enigmatus s.r.o., filed a trademark infringement lawsuit, Enigmatus, s.r.o. v. Playtika LTD and Caesars Interactive Entertainment, Inc., against Playtika, Ltd. and Caesars Interactive Entertainment LLC in the Federal Court of Canada asserting that the Company's use of the Slotomania trademarks violates its proprietary and trademark rights. The plaintiff sought injunctive relief and monetary damages. On May 17, 2024, the Company's motion for summary trial was granted. However, the plaintiffs subsequently filed a notice of appeal. The Company has defended this case vigorously and will continue to do so. As the appeals process is in the preliminary stages, the Company cannot estimate what impact, if any, the litigation may have on its results of operations, financial condition or cash flows.

On November 23, 2021, the Company, its directors and certain of its officers were named in a putative class action lawsuit filed in the United States District Court for the Eastern District of New York (*Bar-Asher v. Playtika Holding Corp. et al.*). The complaint is allegedly brought on behalf of a class of purchasers of the Company's securities between January 15, 2021 and November 2, 2021, and alleges violations of federal securities laws arising out of alleged misstatements or omissions by the defendants during the alleged class period. On March 10, 2022, the court appointed LBMotion Ltd as lead plaintiff, and the plaintiff filed an amended complaint on May 6, 2022. The amended complaint alleges violations of Section 11 and 15 of the Securities Act of 1933 and seeks, among other things, damages and attorneys' fees and costs on behalf of the putative class. The amended complaint also added the companies that served as underwriters for the Company's IPO as defendants in the lawsuit. On September 15, 2022, in accordance with local rules of the Court, the Company and other defendants in the case filed a letter notifying the Court of defendants' service upon plaintiffs of, among other things, a notice of motion to dismiss plaintiffs' amended complaint and a memorandum of law in support of the defendants' motion to dismiss plaintiffs' amended complaint. On November 30, 2022, the Company filed with the Court a motion to dismiss. The Company's motion to dismiss was granted with prejudice on March 18, 2024. However, on April 15, the plaintiffs filed a notice of appeal. As the appeals process is in the preliminary stages, the Company cannot estimate what impact, if any, the litigation may have on its results of operations, financial condition or cash flows. The Company has defended this case vigorously and will continue to do so.

On November 4, 2022, the Company and certain of its directors were named in a derivative action lawsuit filed in the United States District Court for the Eastern District of New York (*Bushansky v. Antokol., et al.*). The complaint was brought on behalf of the Company by a putative stockholder alleging that the named directors were negligent in their oversight of the preparation of the Company's Proxy Statement in alleged violation of federal securities laws and that those directors breached their fiduciary duties upon related allegations. The complaint also asserts claims for contribution and indemnification, and aiding and abetting. The complaint seeks, among other things, damages, disgorgement and restitution by the director defendants, and attorneys' fees and costs. Based upon an agreement of plaintiff, the Company, and the other defendants, on February 13, 2023, the Court stayed this action until the resolution of the motion to dismiss in the class action case of *Bar-Asher v. Playtika Holding Corp.* When the motion to dismiss in the class action case of *Bar-Asher v. Playtika Holding Corp.* was granted as discussed above, this action was administratively closed. The Company does not expect this action to move forward until after the appeal of the class action case of *Bar-Asher v. Playtika Holding Corp.* has been decided. As this stage, the Company cannot estimate what impact, if any, the litigation may have on its results of operations, financial condition or cash flows. The Company intends to vigorously defend this case.

On May 17, 2022, Guy David Ben Yosef filed a Motion for Approval of a class action lawsuit in district court in Tel Aviv-Jaffa Israel against Playtika Group Israel Ltd. ("PGI"), on behalf of all of PGI's customers who made game token purchases in Israel as part of games marketed by PGI during the seven years preceding the filing of the motion and for all subsequent customers of such games who purchase tokens until the resolution of the claim. The Motion alleges that certain of the

Company's slot, poker and solitaire-themed games, including *Slotomania*, *Caesars Slots*, *Solitaire Grand Harvest*, *House of Fun* and *Poker Heat*, constitute illegal gambling and are prohibited under Israeli law and are misleading under Israeli consumer protection laws and alleges unjust enrichment. The Motion asserts damages of NIS 50 million. On January 12, 2023, PGI filed its response to the Motion for Approval. On March 5, 2023, the applicant submitted his reply to PGI's response. A pre-trial hearing was held on May 4, 2023. The parties agreed to appoint a mediator to try and resolve the dispute. The first mediation meeting was held on August 16, 2023 and the second mediation meeting was held on January 7, 2024. The parties have agreed upon a settlement which is currently pending review by certain third parties and the expected range of loss is not material to the Company's financial statements as a whole. If a mediated resolution is not reached the Company will continue defending this case vigorously.

On April 10, 2023, Playtika Holding UK II Limited, the Company's controlling shareholder, and certain officers of the Company were sued (Kormos v Playtika Holding UK II Limited, et al.) in the Delaware Chancery Court. The lawsuit alleges generally that the defendants breached fiduciary duties owed to the Company and its stockholders with respect to the controlling shareholder's indication of an interest in selling some or all of its shares, and the resulting strategic review process and self-tender offer. On August 18, 2023, defendants filed with the Court motions to dismiss the claims. A hearing on the motions to dismiss was held on November 21, 2023. On January 18, 2024, the court denied Playtika Holding UK II Limited's motion to dismiss in an oral ruling. The court issued a written opinion on May 3, 2024 granting the motion to dismiss the claims against the Company's officers. As the case is in preliminary stages, the Company cannot estimate what impact, if any, the litigation may have on its results of operations, financial condition or cash flows.

On June 7, 2024, the Company received a demand letter from counsel for Scott G. Kormos, one of the plaintiffs in the litigation matter described in the immediately preceding paragraph, pursuant to Section 220 of the Delaware General Corporation Law ("DGCL"), seeking disclosure of certain of the Company's books and records. The Company has responded to the demand, stating its belief that the demand letter fails to fully comply with the requirements of Section 220 of the DGCL. However, in the interest of resolution and while preserving all rights, the Company has engaged in negotiations with Mr. Kormos' counsel regarding the production of materials in relation to the demand.

On November 13, 2023, plaintiff Gina v. Burt filed a lawsuit against the Company and its subsidiary, Playtika Ltd., in the Circuit Court of Coffee County, Tennessee, alleging that the Company's social casino-themed games are unlawful gambling under Tennessee law. The lawsuit seeks to recover all amounts paid by Tennessee residents to the Company in connection with its games during the period beginning one year before the filing of the lawsuit until the case is resolved but excluding any residents who spent \$75,000 or more during such time period. After the Company removed the case to the U.S. District Court for the Eastern District of Tennessee, plaintiff filed a motion to remand the case back to the Coffee County Circuit Court which the Company opposed. The Company also filed a motion to dismiss and a motion to compel arbitration. These motions have been briefed and are currently pending. As the case is in preliminary stages, the Company cannot estimate what impact, if any, the litigation may have on its results of operations, financial condition or cash flows. The Company intends to defend this case vigorously.

On March 8, 2023, plaintiff Gayla Hamilton Mills filed a lawsuit against the Company and its subsidiary, Playtika Ltd., in the Circuit Court of Franklin County, Alabama, alleging that the Company's casino-themed social games are unlawful gambling under Alabama law. The lawsuit seeks to recover all amounts paid by Alabama residents to the Company in connection with its games during the period beginning one year before the filing of the lawsuit until the case is resolved. After the Company removed the case to the U.S. District Court for the Northern District of Alabama, plaintiff dismissed the complaint and filed a very similar new complaint in the Circuit Court of Franklin County, Alabama on August 25, 2023. The new complaint asserted the same cause of action and bases for relief, but limited the requested recovery to the amounts paid to the Company in connection with its games only by those Alabama residents who spent less than \$75,000 during the one year before the filing of the lawsuit until the case is resolved. The Company timely removed the new complaint to the same U.S. district court on September 28, 2023. On October 20, 2023, the plaintiff filed a motion to remand the case back to the Franklin County Circuit Court which the Company opposed. A hearing on the motion to remand was held on March 20, 2024 and the parties are awaiting a ruling. As the case is in preliminary stages, the Company cannot estimate what impact, if any, the litigation may have on its results of operations, financial condition or cash flows. The Company intends to defend this case vigorously.

On February 27, 2023, the company received a deficit notice from the Ben Gurion Airport Customs House concerning the purchase of a private aircraft. The deficit notice claims that the company's acquisition of the aircraft is an import into Israel, and, as a result, it was obliged to pay purchase tax and VAT for the acquisition. The company disputes that any tax or VAT is owed. On July 26, 2023, the Customs House's definitive response was received, with the deficit notice still intact. The current claimed amount of the deficit notice is approximately \$3.6 million. The Company paid the deficit notice under protest and filed a claim with the district court on December 12, 2023. The Customs House submitted its statement of defense on April 17, 2024 and the Company submitted its response to the statement of defense on June 16. A pre-trial meeting has been scheduled with the court for November 14, 2024. The Company intends to pursue this case vigorously.

On June 1, 2024, the Company received pre-arbitration notices from a law firm purporting to represent 5,264 claimants who have played the Company's games and intend to file arbitration demands alleging that the Company's games are unlawful or that they otherwise have suffered harm for which recovery is available. On July 26, 2024, the law firm filed arbitration demands on behalf of 4,549 claimants. As of the date hereof, the Company lacks adequate information to assess the nature or validity of the claims. As such, the Company cannot estimate what impact, if any, these arbitration demands may have on its results of operations, financial condition or cash flows. The Company intends to defend these claims vigorously.

Contract balances

Payments from players for virtual items are collected by platform providers or payment processors and remitted to the Company (net of the platform or clearing fees) generally within 30 days after the player transaction. The Company's right to receive the payments collected by the platform providers or payment processors is recorded as an accounts receivable as the right to receive payment is unconditional. Deferred revenues, which represent a contract liability, represent mostly unrecognized fees billed for virtual items which have not yet been consumed at the balance sheet date. Platform fees paid to platform providers or payment processors and associated with deferred revenues represent a contract asset.

Balances of the Company's contract assets and liabilities are as follows (in millions):

	June 30, 2024	December 31, 2023
Accounts receivable	\$ 160.0	\$ 171.5
Contract assets ⁽¹⁾	10.9	12.5
Contract liabilities ⁽²⁾	40.0	46.0

⁽¹⁾ Contract assets are included within prepaid expenses and other current assets in the Company's consolidated balance sheets.

⁽²⁾ Contract liabilities are included within accrued expenses and other current liabilities as "deferred revenues" in the Company's consolidated balance sheets.

During the three and six months ended June 30, 2024, the Company recognized \$10.3 million and \$33.7 million, respectively, of its contract liabilities that were outstanding as of December 31, 2023.

Unsatisfied performance obligations

Substantially all of the Company's unsatisfied performance obligations relate to contracts with an original expected length of one year or less.

Effective tax rate	28.0 %	34.8 %	28.5 %	33.4 %

The effective tax rates were determined using a worldwide estimated annual effective tax rate and took discrete items into consideration. The difference between the effective tax rate and the 21% U.S. federal statutory rate for the six months ended June 30, 2024 was primarily due to the inclusion of Global Intangible Low-Taxed Income and non-deductible stock-based compensation expense, partially offset by a non-recurring favorable impact of reversal of accruals related to undistributed earnings. The difference between the effective tax rate and the 21% U.S. federal statutory rate for the six months ended June 30, 2023 was primarily due to tax provisions that do not meet the more likely than not standard and the inclusion of Global Intangible Low-Taxed Income.

NOTE 14. NET INCOME ATTRIBUTABLE TO COMMON STOCKHOLDERS

The following table sets forth the computation of basic and diluted net income per share attributable to common stockholders (in millions, except per share data):

	Three months ended June 30,		Six months ended June 30,	
	2024	2023	2024	2023
Numerator:				
Net income	\$ 86.6	\$ 75.7	\$ 139.6	\$ 159.8
Denominator:				
Weighted-average shares used in computing net income per share attributable to common stockholders, basic	371.4	365.9	370.9	365.3
Stock-based compensation awards	0.4	0.5	0.3	0.5
Weighted-average shares used in computing net income per share attributable to common stockholders, diluted	371.8	366.4	371.3	365.8
Net income per share, basic	\$ 0.23	\$ 0.21	\$ 0.38	\$ 0.44
Net income per share, diluted	\$ 0.23	\$ 0.21	\$ 0.38	\$ 0.44

The Company uses the treasury stock method on a grant-by-grant basis as the method for determining the dilutive effect of options, RSUs and PSUs. Under this method, it is assumed that the hypothetical proceeds received upon settlement are used to repurchase common shares at the average market price during the period. The following outstanding employee equity

awards were excluded from the calculation of diluted net income per share because their effect would have been anti-dilutive for the periods presented (in millions):

	Three months ended June 30,		Six months ended June 30,	
	2024	2023	2024	2023
Stock options	1.5	2.1	1.6	2.6
RSUs	15.0	10.9	18.8	12.2
Total	16.5	13.0	20.4	14.8

In addition, 1.5 million PSUs were excluded from the calculation of diluted net income per share for each of the three and six months ended June 30, 2024 and 2.2 million PSUs were excluded from the calculation of diluted net income per share for each of the three and six months ended June 30, 2023, because the minimum performance measures were not yet met.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

We are one of the world's leading developers of mobile games creating fun, innovative experiences that entertain and engage our users. We have built best-in-class live game operations services and proprietary technology tools to support our portfolio of games which enable us to drive strong user engagement and monetization. Our games are free-to-play, and we are experts in providing novel, curated in-game content and offers to our users, at optimal points in their game journeys. Our players love our games because they are fun, creative, engaging, and kept fresh through a release of new features that are customized for different player segments. As a result, we have retained paying users over long periods of time.

Recent Events

On October 7, 2023, the State of Israel was attacked by Hamas, and the State of Israel subsequently declared war on Hamas. Since that time, Israel has been engaged in armed conflict with combatants located in Gaza, the West Bank, Syria, Iran, Lebanon and Yemen. While these war and conflicts have not had a direct material financial impact on the Company as of the date of this filing, the Company's headquarters are located in Israel, and the Company employs approximately 1,050 professionals in Israel, including the majority of the Company's senior leadership team. The Company is actively monitoring the developments in this geographic region.

Components of our Results of Operations

Revenues

We primarily derive revenue from the sale of virtual items associated with online games.

We distribute our games to the end customer through various web and mobile platforms, such as Apple, Facebook, Google and other web and mobile platforms plus our own direct-to-consumer platforms. Through these platforms, users can download our free-to-play games and can purchase virtual items to enhance their game-playing experience. Players can purchase virtual items through various widely accepted payment methods offered in the games. Payments from players for virtual items are non-refundable and relate to non-cancellable contracts that specify our obligations and cannot be redeemed for cash nor exchanged for anything other than virtual items within our games.

Our games are played on various third-party platforms for which the platform providers collect proceeds from our customers and pay us an amount after deducting platform fees. For purchases made through both the third-party and Direct-to-Consumer platforms, we are primarily responsible for fulfilling the virtual items, have the control over the content and functionality of games and have the discretion to establish the virtual items' prices. Therefore, we are the principal and, accordingly, revenues are recorded on a gross basis. Payment processing fees paid to platform providers are recorded within cost of revenue.

Cost of revenue

Cost of revenue includes payment processing fees, customer support, hosting fees and depreciation and amortization expenses associated with assets directly involved in the generation of revenues, including servers and internal use software. Platform providers (such as Apple, Facebook and Google) charge a transactional payment processing fee to accept payments from our players for the purchase of in-app virtual goods. Payment processing fees and other related expenses for in-app purchases made through our Direct-to-Consumer platforms are typically 3-4%, compared to a 30% platform fee for third party platforms. We generally expect cost of revenue to fluctuate proportionately with revenues.

Research and development

Research and development consists of salaries, bonuses, benefits, other compensation, including stock-based compensation and allocated overhead, related to engineering, research, and development. In addition, research and development expenses include depreciation and amortization expenses associated with assets associated with our research and development efforts.

We expect that research and development expenses specifically associated with new game development will fluctuate over time.

Sales and marketing

Sales and marketing consists of costs related to advertising and user acquisition, including costs related to salaries, bonuses, benefits, and other compensation, including stock-based compensation and allocated overhead. In addition, sales and marketing expenses include depreciation and amortization expenses associated with assets related to our sales and marketing efforts. We plan to continue to invest in sales and marketing to retain and acquire users. However, sales and marketing expenses may fluctuate as a percentage of revenues depending on the timing and efficiency of our marketing efforts.

General and administrative

General and administrative expenses consist of salaries, bonuses, benefits, and other compensation, including stock-based compensation, for all our corporate support functional areas, including our senior leadership. In addition, general and administrative expenses include outsourced professional services such as consulting, legal and accounting services, taxes and dues, insurance premiums, and costs associated with maintaining our property and infrastructure. General and administrative expenses also include depreciation and amortization expenses associated with assets not directly attributable to any of the expense categories above. We also record adjustments to contingent consideration payable recorded after the acquisition date, and legal settlement expenses, as components of general and administrative expense.

Impairment charge

Impairment charge reflects an impairment related to one of our investments in an unconsolidated entity. We hold certain equity investments in various unconsolidated entities that fall within the scope of ASC 321, *Investments - Equity Securities*. As permitted within that guidance, we have elected to account for these investments at cost less impairment, adjusted for changes in fair value from observable transactions for identical or similar investments of the same issuer as of the respective transaction dates.

Interest and other, net

Our interest expense includes interest incurred under our December 2019 Credit Agreement and amortization of deferred financing costs. We expect to continue to incur interest expense under our Credit Agreement, although such interest expense will fluctuate based upon the underlying variable interest rates. We entered into multiple interest rate swap agreements in March 2021 and in January 2023, accumulating to a total notional amount of \$1.0 billion, reducing our overall exposure to variable interest rates.

Interest income consists of interest earned on cash, cash equivalents and short-term investments.

Foreign currency translation adjustments, net, include gains and losses resulting from remeasurement of certain non-USD denominated balance sheet items.

Provision for income taxes

The provision for income taxes consists of current income taxes in the various jurisdictions where we are subject to taxation, primarily the United States, the United Kingdom, Israel, Germany, and Austria, as well as deferred income taxes reflecting the net tax effects of temporary differences between the carrying amounts of assets and liabilities in each of these jurisdictions for financial reporting purposes and the amounts used for income tax purposes. Under current U.S. tax law, the federal statutory tax rate applicable to corporations is 21%. Our effective tax rate can fluctuate based on various factors, including our financial results and the geographic mix to which they relate, the applicability of special tax regimes, changes in our business or operations, examination-related developments and uncertain tax positions, and changes in tax law.

Net Income

We calculate net income as revenue minus cost of revenues, research and development, sales and marketing and general and administrative expenses, interest and taxes.

Consolidated Operating Results of Playtika Holding Corp

We measure the performance of our business by using several key financial metrics, including revenue and operating income, and operating metrics, including Daily Active Users, Average Revenue per Daily Active User, Paying Users, and Average Revenue per Paying User. These operating metrics help our management to understand and measure the engagement levels of our players, the size of our audience and our reach. See “Basis of Presentation” and “Summary Consolidated Financial and Other Data” for additional information of these measures.

Daily Active Users

We define Daily Active Users, or DAUs, as the number of individuals who played one of our games during a particular day on a particular platform. Under this metric, an individual who plays two different games on the same day is counted as two DAUs. Similarly, an individual who plays the same game on two different platforms (e.g., web and mobile) or on two different social networks on the same day would be counted as two DAUs. Average DAUs for a particular period is the average of the DAUs for each day during that period. We believe that Daily Active Users is a useful metric to measure the scale and usage of our game platform.

Daily Paying Users

We define Daily Paying Users, or DPUs, as the number of individuals who purchased, with real world currency, virtual currency or items in any of our games on a particular day. Under this metric, an individual who makes a purchase of virtual currency or items in two different games on the same day is counted as two DPUs. Similarly, an individual who makes a purchase of virtual currency or items in any of our games on two different platforms (e.g., web and mobile) or on two different social networks on the same day could be counted as two DPUs. Average DPUs for a particular period is the average of the DPUs for each day during that period. We believe that Daily Paying Users is a useful metric to measure game monetization.

Daily Payer Conversion

We define Daily Payer Conversion as the total number of DPUs divided by the number of DAUs on a particular day. Average Daily Payer Conversion for a particular period is the average of the Daily Payer Conversion rates for each day during that period. We believe that Daily Payer Conversion is a useful metric to describe the monetization of our users.

Average Revenue per Daily Active User

We define Average Revenue per Daily Active User, or ARPDAU, as (i) the total revenue in a given period, (ii) divided by the number of days in that period, (iii) divided by the average DAUs during the period. We believe that ARPDAU is a useful metric to describe monetization.

Monthly Active Users

We define Monthly Active Users, or MAUs, as the number of individuals who played one of our games during a calendar month on a particular platform. Under this metric, an individual who plays two different games in the same calendar month is counted as two MAUs. Similarly, an individual who plays the same game on two different platforms (e.g., web and mobile) or on two different social networks during the same month would be counted as two MAUs. Average MAUs for a particular period is the average of the MAUs for each month during that period. We believe that MAUs is a useful metric to measure the scale and reach of our platform, but we base our business decisions primarily on daily performance metrics, which we believe more accurately reflect user engagement with our games.

Revenues

Revenues for the three and six months ended June 30, 2024 decreased by \$15.8 million and \$20.8 million, respectively when compared with the comparable period of 2023. Incremental revenues from the acquired studios were more than offset by the decrease in revenues due to reduced monetization off of a lower base of paying users.

Cost of revenue

Cost of revenue for the three and six months ended June 30, 2024 decreased by \$10.1 million and \$18.8 million, respectively, when compared with the comparable periods of 2023. The decreases in cost of revenue includes an approximate \$10.4 million and \$18.2 million decrease in platform fees associated with reduced revenues and a greater percentage of revenue generated from our Direct-To-Consumer platforms for the three and six months ended June 30, 2024, respectively, as well as a \$1.6 million and \$3.8 million decrease in depreciation and amortization expenses, respectively.

Research and development expenses

Research and development expenses for the three and six months ended June 30, 2024 increased by \$0.3 million and \$4.8 million, respectively, when compared with the comparable periods of 2023. The increases in research and development expenses were primarily due to a shift in our workforce composition towards higher-cost locations, combined with merit-based compensation increases and an increased spend in outsourcing. These factors were offset by decreases in expenses related to a reduction in overall headcount.

Sales and marketing expenses

Sales and marketing expenses for the three and six months ended June 30, 2024 increased by \$28.2 million and \$74.9 million, respectively, when compared with the comparable periods of 2023. The increases in sales and marketing expenses were due largely to increased media buy expenses driven by the acquisitions of InnPlay and Youda that were not present in the first half of 2023, accompanied by moderately higher media buy spending across the Company.

General and administrative expenses

General and administrative expenses for the three and six months ended June 30, 2024, decreased by \$26.0 million and \$26.2 million, respectively, when compared with the comparable period of 2023.

The decrease in general and administrative expenses for the three and six months ended June 30, 2024 includes an adjustment to reduce expense by \$16.2 million related to the change in fair value of the contingent consideration associated with the 2023 acquisition of InnPlay. Without the recent amendment to the Stock Purchase Agreement for InnPlay, the likelihood of InnPlay reaching the thresholds for payment of the contingent consideration would likely have been significantly lower.

In addition, the decreases in general and administrative expenses for the three and six months ended June 30, 2024 includes an approximate \$8.0 million and \$19.2 million impact, respectively, of recent headcount reductions that reduced employee compensation costs, including decreased stock-based compensation expense. These amounts were largely offset by an increase of \$1.8 million and \$9.5 million, respectively, to severance expense.

Impairment charge

During the six months ended June 30, 2024, we recorded an impairment charge of \$7.0 million related to one of our investments in an unconsolidated affiliate. During the three and six months ended June 30, 2023, we recorded a \$9.7 million write-off of JustPlay.LOL Ltd's game title.

Interest

Interest expense for the three and six months ended June 30, 2024 increased by \$3.1 million and \$4.1 million, respectively, when compared with the same period of 2023 as a result of higher average interest rates on our variable rate debt.

Interest income for the three and six months ended June 30, 2024 increased by \$3.4 million and \$8.6 million, respectively, when compared with the same period of 2023 as a result of higher balances held in interest bearing cash, cash equivalents and short-term investments, and higher average interest rates earned on those instruments.

Provision for income taxes

The effective income tax rate for the three months ended June 30, 2024 was 28.0% compared to 34.8% for the three months ended June 30, 2023. The effective income tax rate for the six months ended June 30, 2024 was 28.5% compared to 33.4% for the six months ended June 30, 2023. The effective tax rates were determined using a worldwide estimated annual effective tax rate and took discrete items into consideration. The difference between the effective tax rate and the 21% U.S. federal statutory rate for the six months ended June 30, 2024 was primarily due to the inclusion of Global Intangible Low-Taxed Income and non-deductible stock-based compensation expense, partially offset by a non-recurring favorable impact of reversal of accruals related to undistributed earnings. The difference between the effective tax rate and the 21% U.S. federal statutory rate for the six months ended June 30, 2023 was primarily due to tax provisions that do not meet the more likely than not standard and the inclusion of Global Intangible Low-Taxed Income.

Net income

Upon aggregating all of the components of our results of operations above, net income for the three and six months ended June 30, 2024, increased \$10.9 million and \$20.2 million, respectively, when compared with the same periods of 2023.

Reconciliation of Credit Adjusted EBITDA to Net Income

Credit Adjusted EBITDA is a non-GAAP financial measure and should not be construed as an alternative to net income as an indicator of operating performance, nor as an alternative to cash flow provided by operating activities as a measure of liquidity, or any other performance measure in each case as determined in accordance with GAAP.

Below is a reconciliation of Credit Adjusted EBITDA to net income, the closest GAAP financial measure. Our Credit Agreement defines Adjusted EBITDA (which we call "Credit Adjusted EBITDA") as net income before (i) interest expense, (ii) interest income, (iii) provision for income taxes, (iv) depreciation and amortization expense, (v) impairment charges, (vi) stock-based compensation, (vii) contingent consideration, (viii) acquisition and related expenses, and (ix) certain other items. We calculate Credit Adjusted EBITDA Margin as Credit Adjusted EBITDA divided by revenues.

Credit Adjusted EBITDA and Credit Adjusted EBITDA Margin as calculated herein may not be comparable to similarly titled measures reported by other companies within the industry and are not determined in accordance with GAAP. Our

presentation of Credit Adjusted EBITDA and Credit Adjusted EBITDA Margin should not be construed as an inference that our future results will be unaffected by unusual or unexpected items.

Liquidity and Capital Resources

Capital spending

We incur capital expenditures in the normal course of business and perform ongoing enhancements and updates to our social and mobile games to maintain our quality standards. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by operating activities. We may also pursue acquisition opportunities for

additional businesses or social or mobile games that meet our strategic and return on investment criteria. Capital needs are evaluated on an individual opportunity basis and may require significant capital commitments.

Liquidity

Our primary sources of liquidity are the cash flows generated from our operations, currently available unrestricted cash and cash equivalents, short-term investments, and borrowings under our Credit Facility and Revolver. Our cash and cash equivalents and short-term investments totaled \$1,100.4 million and \$1,029.7 million at June 30, 2024 and December 31, 2023, respectively. As of both June 30, 2024 and December 31, 2023, we had \$600 million in additional borrowing capacity pursuant to our Revolving Credit Facility. Payments of short-term debt obligations and other commitments are expected to be made from cash on the balance sheet and operating cash flows. Long-term obligations are expected to be paid through operating cash flows, or, if necessary, borrowings under our Revolving Credit Facility or, if necessary, additional term loans or issuances of equity.

Our ability to fund our operations, pay our debt obligations and fund planned capital expenditures depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets could impact our ability to secure additional funds through financing activities. We believe that our cash and cash equivalents balance, short-term investments and borrowing capacity under our Revolving Credit Facility and our cash flows from operations will be sufficient to meet our normal operating requirements during the next 12 months and the foreseeable future and to fund capital expenditures.

Cash flows

The following tables present a summary of our cash flows for the periods indicated (in millions):

	Six months ended June 30,	
	2024	2023
Net cash flows provided by operating activities	\$ 180.1	\$ 227.5
Net cash flows used in investing activities	(449.1)	(33.0)
Net cash flows used in financing activities	(48.6)	(11.4)
Effect of foreign exchange rate changes on cash and cash equivalents	(2.3)	3.6
Net change in cash, cash equivalents and restricted cash	<u>\$ (319.9)</u>	<u>\$ 186.7</u>

Operating activities

Net cash flows provided by operating activities for the six months ended June 30, 2024 was \$180.1 million compared with \$227.5 million for the same period of 2023. Net cash flows provided by operating activities for each period primarily consisted of net income generated during the period, exclusive of non-cash expenses such as depreciation, amortization, stock-based compensation and changes in the fair value of contingent consideration payable, with changes in working capital impacted by the payment of annual and incentive bonuses and payment of long-term cash compensation during the first quarter and other normal working-capital timing differences.

Investing activities

Net cash flow used in investing activities for the six months ended June 30, 2024 was \$449.1 million when compared with \$33.0 million for the same period of 2023. Cash flows used in investing activities generally includes outflows related to the purchase and capitalization of assets and, in 2024, includes \$390.1 million of cash outflow for cash deposited into short-term investments.

Financing activities

Net cash flows used in financing activities for the six months ended June 30, 2024 was \$48.6 million, compared with \$11.4 million for the same period of 2023. Financing activity cash flows for the six months ended June 30, 2024 primarily relates to a cash dividend paid, and in both 2024 and 2023 includes repayments on our bank borrowings.

Capital resources

On December 10, 2019, we entered into \$2,750 million of senior secured credit facilities (the "Credit Facilities"), consisting of a \$250 million revolving credit facility (the "Revolving Credit Facility"), and a \$2,500 million first lien term loan (the "Old Term Loan"). The Credit Facilities were provided pursuant to the Credit Agreement, dated as of December 10, 2019, by and among Playtika, the lenders party thereto, and Credit Suisse, AG, Cayman Islands Branch, as administrative agent (in such capacity, the "Administrative Agent") and collateral agent (in such capacity, the "Collateral Agent"). Proceeds borrowed under the Credit Facilities on the closing date were used to pay off the outstanding balance on our prior debt facility. On June 15, 2020, we increased the capacity of the Revolving Credit Facility to \$350 million. On January 15, 2021, we increased the borrowing capacity of the Revolving Credit Facility from \$350 million to \$550 million.

On March 11, 2021, the Credit Agreement was amended pursuant to an Incremental Assumption Agreement No. 3 and Second Amendment to Credit Agreement (the "Second Amendment").

The Second Amendment, among other things, effected a refinancing of Old Term Loan with a new \$1.9 billion senior secured first lien term loan borrowed under the Credit Agreement (the "New Term Loan"), increased the Revolving Credit Facility to \$600 million and extended the maturity of the Revolving Credit Facility to March 11, 2026. The New Term Loan matures on March 11, 2028 and requires scheduled quarterly principal payments in amounts equal to 0.25% of the original aggregate principal amount of the New Term Loan, with the balance due at maturity.

On June 19, 2023, the Company amended the Credit Agreement pursuant to a Third Amendment to Credit Agreement (the "Third Amendment"). The Third Amendment amended the Credit Agreement to bear interest or incur fees and other amounts denominated in Dollars to be based on the Adjusted Term Secured Overnight Financing Rate ("SOFR") plus an applicable spread adjustment, rather than the previously permitted Adjusted Eurocurrency Rate, starting in the third quarter of 2023. The amendment did not have an impact on the Company's consolidated financial statements or the effectiveness of the Company's interest rate swap agreements.

Also on March 11, 2021, we issued \$600.0 million aggregate principal amount of our 4.250% senior notes due 2029 (the "Notes"). The Notes mature on March 15, 2029. Interest on the Notes will accrue at a rate of 4.250% per annum. Interest on the Notes is payable semi-annually in cash in arrears on March 15 and September 15 of each year, commencing on September 15, 2021.

Significant terms of the Credit Facilities, the New Term Loan and the Notes, including balances outstanding, interest and fees, mandatory and voluntary prepayment requirements, collateral and guarantors and restrictive covenants are detailed in *Note 4, Debt*, to the accompanying consolidated financial statements and in *Note 12, Debt*, in our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") on February 26, 2024.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to market risks in the ordinary course of our business. These risks primarily include interest rate risk, investment risk, and foreign currency risk as follows:

Interest rate risk

Our exposures to market risk for changes in interest rates relate primarily to our Term Loan and our Revolving Credit Facility. The Term Loan and our Revolving Credit Facility are floating rate facilities. Therefore, fluctuations in interest rates will impact the amount of interest expense we incur and have to pay.

In March 2021, we entered into two interest rate swap agreements, each with a notional value of \$250 million. Each of these swap agreements is with a different financial institution as the counterparty to reduce our counterparty risk. Each swap requires us to pay a fixed interest rate of 0.9275% in exchange for receiving one-month LIBOR. The interest rate swap agreements settle monthly commencing in April 2021 through their termination dates on April 30, 2026. In June 2023 these two interest rate swap agreements were amended, so that effective July 31, 2023 the Company will pay a fixed interest rate of 0.85% in exchange for receiving one-month Term SOFR.

In January 2023, we entered into two interest rate swap agreements, each with a notional value of \$250 million. Each of these swap agreements is with a different financial institution, and each swap requires us to pay a fixed interest rate of 3.435% in exchange for receiving one-month LIBOR for six months and one-month Term SOFR afterwards. The interest rate swap agreements settle monthly commencing in February 2023 through their termination dates on February 28, 2028.

The estimated fair value of the our interest rate swap agreements is derived from a discounted cash flow analysis.

We had borrowings outstanding under our Term Loan with book values of \$1,816.4 million and \$1,822.8 million at June 30, 2024 and December 31, 2023, respectively, which were subject to a weighted average interest rate of 8.20% and 7.84% for the six months ended June 30, 2024 and the year ended December 31, 2023, respectively. There were no borrowings against our Revolving Credit Facility at June 30, 2024 or December 31, 2023.

A hypothetical 100 basis point increase or decrease in weighted average interest rates under our Term Loan and Revolving Credit Facility would have increased or decreased our interest expense by \$8.4 million over a twelve-month period, including consideration of the impact the hypothetical basis point change would have had on our interest rate swap agreements.

The fair value of our Credit Facilities will generally fluctuate with movements of interest rates, increasing in periods of declining rates of interest and declining in periods of increasing rates of interest. We are unable to estimate the impact on the fair value of our debt of a hypothetical 100 basis point increase or decrease in weighted average interest rates.

Investment risk

We had cash and cash equivalents including restricted cash totaling \$711.8 million and \$1,031.7 million as of June 30, 2024 and December 31, 2023, respectively. We also had short-term investments of \$390.1 million as of June 30, 2024. Our investment policy and strategy primarily attempts to preserve capital and meet liquidity requirements without significantly increasing risk. Our cash and cash equivalents and short-term investments primarily consist of commercial papers, bank deposits and money market funds. We do not enter into investments for trading or speculative purposes. Changes in rates would primarily impact interest income due to the relatively short-term nature of our investments. A hypothetical 100 bps increase or decrease in interest rates would have increased or decreased the fair value as of June 30, 2024 by \$0.5 million.

Foreign currency risk

Our functional currency is the U.S. Dollar and most of our revenues are denominated in U.S. Dollars. However, we have foreign currency risks related to a significant portion of our operating expenses, consisting of headcount related expenses as well as leases and certain other operating expenses, denominated in currencies other than the U.S. Dollar, primarily the Euro ("EUR"), Israeli Shekel ("ILS"), British Pound, Euro, Polish Zloty ("PLN") and Romanian Leu ("RON"). Accordingly, changes in exchange rates in the future may negatively affect our future revenues and other operating results as expressed in U.S. Dollars. Our foreign currency risk is partially mitigated as our revenues recognized in currencies other than the U.S. Dollar is diversified across geographic regions and we incur expenses in the same currencies in these regions.

We have experienced and will continue to experience fluctuations in our net income as a result of transaction gains or losses related to remeasurement of our asset and liability balances that are denominated in currencies other than the functional currency of the entities in which they are recorded.

As of June 30, 2024, we had entered into derivative contracts to purchase certain foreign currencies, including EUR, ILS, RON, and PLN, at future dates. The approximate amount of hedges was equal to \$207.9 million, and all contracts are expected to mature during the upcoming 12 months.

Item 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures designed to provide reasonable assurance of achieving the objective that information in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified and pursuant to the requirements of the SEC's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow for timely decisions regarding required disclosures. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by SEC Rule 13a-15(b), we carried out an evaluation, with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures as of June 30, 2024, the end of the period covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of June 30, 2024.

For the quarter ended June 30, 2024, there were no changes in internal control that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS

For a description of our legal proceedings, see *Note 8, Commitments and Contingencies*, included in Part I. Item I of this quarterly report on Form 10-Q.

Item 1A. RISK FACTORS

We have offices and other significant operations located in Israel, and, therefore, our results may be adversely affected by political, economic and military instability in Israel, including the ongoing War in Israel.

While we maintain offices in the United States, we maintain offices and conduct significant operations in Israel, and most of our senior management is based in Israel. In addition, many of our employees and officers are residents of Israel. Accordingly, political, economic and military conditions in Israel directly affect our business. For example, the current political situation in Israel where the ruling parties are attempting to implement laws that essentially allow the parliament to enact laws that are preemptively immune to judicial review could adversely affect our business and results of operations. In addition, any hostilities involving Israel or the interruption or curtailment of trade between Israel and its trading partners could adversely affect our business and results of operations. Since the establishment of the State of Israel, a number of armed conflicts have taken place between Israel and its neighboring countries, as well as terrorist acts committed within Israel by hostile elements. In addition, recent political uprisings and conflicts in various countries in the Middle East, including Syria, are affecting the political stability of those countries. In addition, the tensions between Israel and Iran and certain extremist groups in the region may escalate in the future and turn violent, which could affect the Israeli economy in general and us in particular. Any armed conflicts, terrorist activities or political instability in the region could adversely affect business conditions, could harm our results of operations and could make it more difficult for us to raise capital. Parties with whom we do business may sometimes decline to travel to Israel during periods of heightened unrest or tension, forcing us to make alternative arrangements when necessary in order to meet our business partners face to face. In addition, the political and security situation in Israel may result in parties with whom we have agreements involving performance in Israel claiming that they are not obligated to perform their commitments under those agreements pursuant to force majeure provisions in such agreements. Our commercial insurance does not cover losses that may occur as a result of an event associated with the security situation in the Middle East, with limited exceptions. Although the Israeli government has in the past covered the reinstatement value of certain damages that were caused by terrorist attacks or acts of war, we cannot assure you that this government coverage will be maintained or, if maintained, will be sufficient to compensate us fully for damages incurred. Any losses or damages incurred by us could cause a significant disruption in our employees' lives and possibly put their lives at risk, which would have a material adverse effect on our business. Any armed conflicts or political instability in the region would likely negatively affect business conditions generally and could harm our results of operations. Further, in the past, the State of Israel and Israeli companies have been subjected to economic boycotts. Several countries still restrict business with the State of Israel and with Israeli companies. These restrictive laws and policies may have an adverse impact on our results of operations, financial conditions or the expansion of our business. A campaign of boycotts, divestment and sanctions has been undertaken against Israel, which could also adversely impact our business.

On October 7, 2023, the State of Israel was attacked by Hamas, a group designated as a terrorist organization by the United States, and the State of Israel subsequently declared war on Hamas. Since that time, Israel has been engaged in armed conflict with combatants located in Gaza, the West Bank, Syria, Iran, Lebanon and Yemen. We cannot predict the outcome of developments in the War in Israel or the reaction to such developments by other countries or international authorities particularly as the conflict has triggered diplomatic rifts and protests around the world. An escalation or continuation of the conflict could result in additional military reserve duty call-ups, damage to infrastructure in Israel and other ramifications that could have a material adverse effect on our operations.

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A, "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2023, which factors could materially affect our business, financial condition, liquidity or future results. There have been no material changes to the risk factors described in the "Risk Factors" section in our Annual Report on Form 10-K for the year ended December 31, 2023. The risks described in our Annual Report on Form 10-K are not the only risks facing our company. Additional risks and

uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition, liquidity, results of operations, prospects or stock price.

During the three months ended June 30, 2024, none of our officers or directors adopted or terminated any “Rule 10b5-1 trading arrangement” or any “non-Rule 10b5-1 trading arrangement,” in each case, as such terms are defined in Item 408 of Regulation S-K.

- 1.5. The parties agree that the Position of the Employee is one of management and/or a Position that requires a special degree of personal trust, as defined under the Hours of Work and Rest Law, and accordingly, the provisions of this law and any other law amending or replacing

such law shall not apply to the Employee. The Employee acknowledges the legitimacy of the Company's requirement to work "overtime" or during "weekly rest-hours" without being entitled to "overtime compensation" or "weekly rest-hour compensation" (as these terms are defined in the Hours of Work and Rest Law) and undertakes to reasonably comply with such requirements of the Company. The Employee acknowledges that the consideration set for him hereunder nevertheless includes within its consideration that would otherwise have been due to him pursuant to such law.

2. **Duties, Obligations and Consents**

2.1. The Employee affirms and undertakes, as follows:

- 2.1.1. The Employee shall devote the Employee's entire working time, know-how, energy, expertise, talent, experience and best efforts to the business and affairs of the Company and to the performance of the Employee's duties with the Company.
- 2.1.2. The Employee shall perform and discharge well and faithfully, with devotion, honesty and fidelity, all of the Employee's obligations derived from Employee's Position and from this Agreement.
- 2.1.3. The Employee shall comply with all the Company's disciplinary regulations, work rules, policies, procedures and objectives, as may be determined by the Company from time to time.
- 2.1.4. The Employee shall travel abroad from time to time if and as may be required by the Company to fulfill the Position.
- 2.1.5. The Employee shall refrain from being involved in, directly or indirectly, and shall inform the Direct Supervisor, immediately and without delay, of any affairs and/or matters that might constitute a conflict of interest with Employee's Position and/or employment with the Company.
- 2.1.6. The Employee shall not assume, directly or indirectly, whether with or without consideration, any employment obligations unrelated to the Company and shall not be retained as a consultant or advisor or contractor (whether or not compensated therefor) to any other business other than with the prior written approval of the Company and in accordance with the terms of such approval.
- 2.1.7. The Employee shall use the resources that the Company has put at Employee's disposal (including sensitive data and information) exclusively for the purpose

of performing his duties, according to the Company's applicable policies and the scope of Employee's Position, unless agreed otherwise explicitly and in writing.

- 2.1.8. The Employee shall not use the Company email account (including by smartphone) for any private or personal communications. For personal purposes, Employee shall be entitled to use external email services (such as Gmail). The Employee may be entitled to make reasonable personal use of the Company's Computers, provided that he may not store personal material on the Company's Computers (except on folders clearly labelled as "Personal") and shall not store company documents on personal storage space.
- 2.1.9. The Employee consents, of his own free will and although not required to do so under law, the data related to the Employee and the Employee's terms of employment at the Company, as shall be received and held and managed by the Company or on its behalf, inter alia, on databases according to law, and that the Company shall be entitled to transfer such information to third parties, in Israel or abroad (including to countries which have a different level of data protection than that existing in Israel), subject to relevant rules set under the law and in accordance with Company's policy. The Company undertakes that the information will be used and transferred for legitimate business purposes only. Without derogating from the generality of the above, such purposes may include human resources management and assessment of potential transactions, to the extent required while maintaining the Employee's right to privacy.
- 2.1.10. The Employee undertakes to carefully read and to meticulously obey the Company's "Acceptable Device Use Policy" and "Staff Privacy Notice", published on the Company's internal portal and attached hereto as **Exhibit C**.

2.2. The Employee represents and warrants to the Company as follows:

- 2.2.1. The Employee is free to be employed by the Company pursuant to the terms contained in this Agreement and there are no contracts, impediments and/or restrictive covenants preventing full performance of the Employee's duties and obligations hereunder.
- 2.2.2. The Employee has the requisite qualifications, experience and knowledge to perform the Employee's obligations under this Agreement.

- 2.2.3. The Employee is not involved, directly or indirectly, in any business and/or affairs and/or matters that constitute or may constitute a conflict of interests with Employee's employment with the Company under this Agreement.
- 2.2.4. The execution and delivery of this Agreement and the fulfillment of the terms hereof: (i) will not constitute a default under or breach of any agreement or other instrument to which he is a party or by which he is bound, including without limitation, any confidentiality or non-competition agreement, (ii) do not require the consent of any person or entity, and (iii) shall not utilize during the term of Employee's employment any proprietary information of any third party, including prior employers of the Employee.
- 2.2.5. The Employee had received from the Company all outstanding entitlements, rights and/or benefits arising out of or in any way connected with the Employee's employment by the Company as of the Commencement Date of Employment and until the last full month which ended before the Effective Date, and the Employee (or any third party, including insurance companies and tax authorities) are owed nothing based on such prior employment period and/or with regard to it, with the exceptions of the following lawfully accrued entitlements: sick days and vacation days as shall be registered in such month's pay-slip; any outstanding amount accrued on account of recreation pay and amounts accrued in the pension arrangement and advanced study fund managed on the Employee's behalf. The Employee undertakes that he has no claims and/or demands of any kind against the Company regarding his employment during such period other than his entitlement to the above-mentioned accrued entitlements.

3. Compensation

- 3.1. Subject to and in pursuance of the Employee's fulfillment of Employee's obligations under this Agreement, the Company shall pay Employee a monthly gross salary of NIS 73,000 (the "**Salary**").
- 3.2. Without derogating from the above said in Section 1.5 of the Agreement, it is hereby clarified that the Salary is calculated based on two separate components as follows: (1) a gross monthly base salary of NIS 58,400 (the "**Basic Salary**"); (2) a gross monthly global compensation of NIS 14,600 (the "**Global Compensation**"), as payment for working 64 overtime hours per month. The Global Compensation has been determined according to an

estimation of the scope of work which the Employee shall be required to perform.

- 3.3. The Global Compensation shall be paid to Employee on a monthly basis, whether or not the Employee has actually performed work during overtime hours at any specific month. It is hereby agreed and acknowledged that the Global Compensation shall constitute the full consideration to which the Employee shall be entitled for the Employee's work during overtime hours. The Employee shall not be entitled to any additional payment and/or other compensation, other than the Global Compensation, for any work performed during overtime hours.
- 3.4. If the quota of regular hours of work/additional hours per any given month had not been required or worked in practice, the global Compensation made for the same month shall become advance payment on the reward for additional hours the Employee shall work in the future.
- 3.5. Notwithstanding the above, the Employee will report the Company the actual hours of work.
- 3.6. The Salary shall be payable by no later than the ninth (9th) day of the consecutive calendar month following the calendar month of employment to which the payment relates.
- 3.7. Israeli income tax and other applicable withholdings with respect to the Salary shall be deducted from the Salary by the Company at source.
- 3.8. Unless otherwise specifically set forth herein, the Salary shall serve as the basis for deductions and contributions to the Pension Arrangement (as defined hereinafter) and for the calculation of all social benefits to which Employee is entitled hereunder.
- 3.9. An amount equal to 10% of the Salary shall be considered as a special compensation for the obligations not to compete with the Company, as set forth in **Exhibit B**. For clarification purposes such special consideration is already embedded in the Salary.
- 3.10. The Employee will be eligible to participate in the Company's discretionary management bonus plan. The award itself and/or its amount under this plan are discretionary and left to the sole judgment of the Company. To receive payment of this bonus, the Employee must be employed by the Company at the time of payment of such bonus. It is clarified that the bonus, if and when paid, shall not constitute a salary component for any purpose, including for the purpose of calculating any fringe benefits.

4. **Social and Fringe Benefits**

4.1. **Pension Arrangement**

- 4.1.1. The Employee shall be entitled to contributions to a pension arrangement of his choice (the “**Pension Arrangement**”) at the following monthly rates:
- 4.1.1.1. The Company shall contribute an aggregate monthly amount equal to 14.83% of the Salary as follows:
- (i) 8.33% of the Salary towards severance pay component; and
 - (ii) 6.5% of the Salary towards compensatory payments component (“tagmulim”). In case the Employee is insured in a manager insurance policy or a provident fund (which is not a pension fund), the said rate shall include the rate of contributions towards the disability insurance, ensuring loss of earning payment of 75% of the Salary but no less than 5% towards the compensatory payments component, all subject to the terms of the Extension Order regarding the Increase of Pension Contributions - 2016 (the “**Pension Order 2016**”). In accordance with the terms of the Pension Order 2016, if the said rate shall not be sufficient to insure the Employee in disability insurance, the total rate of contributions shall not, in any case, exceed 7.5% of the Salary.
- 4.1.1.2. Employee shall contribute, and for that purpose Employee hereby irrevocably authorizes and instructs the Company to deduct from the Employee’s Salary at source, an aggregate monthly amount equal to 6% of the Salary to be paid on the Employee’s account to the Pension Arrangement.
- 4.1.2. The contributions rates under this Section 4.1 shall be updated and amended in accordance with the law and any relevant Extension Order.
- 4.1.3. The Company and Employee respectively declare and covenant that as evidenced by their respective signatures, they hereby agree and undertake to apply and be bound by the general settlement regulated in the General Order as amended (attached hereto as **Exhibit A**) published under section 14 of the Severance Pay Law 1963. The Company’s contributions to the Employee’s Pension Arrangement will therefore constitute the Employee’s entire entitlement to severance pay in respect of the paid Salary, in place of any severance pay to which the Employee otherwise may have become entitled at

law.

- 4.1.4. In the event of termination of Employee's employment under this Agreement for any reason other than a Termination for Cause (as defined below), the Employee shall be entitled to all sums accumulated in the said policies, including the Severance Pay.
- 4.1.5. The Company hereby forfeits any right it may have in the reimbursement of sums paid by Company into the above mentioned Pension Arrangement, except in the event of: (i) the Employee withdrawing such sums from the Pension Insurance Policy, other than in the event of death, disability or retirement at, or after, the age of 60; and (ii) in the occurrence of any of the events provided for in Section 16 and 17 of the Severance Payment Law, 1963.
- 4.2. Advanced Study Fund. The Company shall make monthly Advanced Study Fund contributions as follows: 7.5% of the Salary paid by the Company on its account and 2.5% of the Salary to be deducted by the Company from such Salary to be paid on the employee's account, in each case up to the ceiling recognized by the income tax authorities from time to time, but not otherwise. The Employee shall bear any and all taxes applicable in connection with amounts payable by Employee and/or Company to the Advanced Study Fund.
- 4.3. Vacation. Employee shall be entitled to an annual leave of 24 working days per year. Each leave shall be coordinated with the Direct Supervisor with adequate regard to the needs of the Company. The Employee shall be entitled to cumulative paid vacations according to the applicable laws. Any leave days remaining unexploited at the end of any 12-month period of employment may be accrued for use during the next succeeding 12-month periods of Employee's employment thereafter, up to an aggregate of Employee's annual leave quota for two consecutive 12-month periods (but only if and to the extent permitted by applicable law). Prior to the expiration of a two-year period, the Company may, in its sole discretion, require the Employee to exploit any unexploited leave days exceeding such quota. Any amounts exceeding such limit, shall be cancelled by the Company and, for the avoidance of doubt, shall not be paid out on termination.
- 4.4. Sick Leave. Employee shall be entitled to sick leave in accordance with applicable laws and regulations as in effect from time to time. Despite the above, the Employee shall be entitled to sick leave payment from the first day of absence, subject to Company's policy as may be from time to time.

- 4.5. Recreation Pay. Employee shall be entitled to annual recreation pay in accordance with applicable law.
- 4.6. Mobile Device. The Employee shall be entitled to a cellular phone according to the Company's Israel Mobile Device Policy, as shall be in effect from time to time.
- 4.7. Equipment. The Company may, from time to time, provide the Employee with other equipment (the "**Equipment**") for the Employee's use in the course of performing the Employee's obligations pursuant to the Position, provided that the Company's procedures in respect thereof are followed. Employee shall bear and pay all (if any) taxes applicable to him in connection with any such Equipment provided. The Employee shall return any such Equipment to the Company's principal office immediately following the cessation of the Employee's employment hereunder, and the Employee shall not have any rights of lien, delay or set-off with respect to the Equipment.
- 4.8. Transportation Expenses. In addition to the Salary, the Company shall pay the Employee a monthly reimbursement of transportation expenses from Employee's home to his work and back, in accordance with applicable laws and regulations as in effect from time to time.
- 4.9. Expenses Reimbursement. The Company shall reimburse Employee for any out-of-pocket expenses from time to time properly incurred by Employee in direct connection with his employment by the Company (including parking expenses), provided, however, that such expenses have been approved in writing and in advance by the Company. As a condition to such reimbursement, Employee shall provide the Company with the original invoices, receipts and other evidence of expenditures.
5. **Confidentiality, Inventions, Non-Competition and Non-Solicitation Agreement**

The Employee shall execute the Confidentiality, Inventions, Non-Competition and Non-Solicitation Agreement in the form attached hereto as **Exhibit B**.
6. **Termination of Employment**
 - 6.1. Either party may, at any time during the Term, provide the other party hereto with at least thirty (30) days of a prior written notice (the "**Termination Notice**" and the "**Notice Period**" accordingly). The Termination Notice must be in writing and shall set forth both the date on which said notice is being furnished and the date on which the Termination Notice shall be effective. Notwithstanding the above, the Company shall be entitled to consider the Employee's clear and unequivocal oral notice of resignation as binding, in the absence of a written notice.

- 6.2. During the Notice Period, the Employee shall be obligated to continue to discharge and perform all of Employee's duties and obligations with the Company and to take all steps, satisfactory to the Company, to ensure the orderly transition to any persons designated by the Company of all matters handled by Employee during the course of Employee's employment with the Company.
- 6.3. Notwithstanding Section 6.2. above, the Company may, in its sole discretion: (i) waive any and/or all of Employee's services with the Company during the Notice Period or any part thereof or; (ii) terminate the employer-employee relationship prior to the completion of the Notice Period; provided that in any such event, the Company shall pay Employee for the aforesaid Notice Period or any part thereof, a sum equal to the compensatory payment required under applicable law.
- 6.4. Notwithstanding the provisions of Sections 6.2 and 6.3 above, the Company, by furnishing a notice to Employee, shall be entitled to terminate Employee's employment with the Company with immediate effect in the event that said termination is Termination for Cause (as defined below). In the event of such Termination of Cause, then without derogating from the rights of the Company under this Agreement and/or any applicable law, the Employee shall not be entitled to any of the consideration specified in Section 6.1 above and any and all options granted to the Employee (if any), whether or not such options are vested, shall immediately expire.
- 6.5. The term "**Termination for Cause**" shall mean termination of Employee's employment with Company as a result of the occurrence of any one of the following: (i) Employee has committed a criminal offense; (ii) Employee is in breach of Employee's duties of trust or loyalty to the Company; (iii) any material breach of this Agreement which has not been cured by Employee within fifteen (15) days after his receipt of notice from the Company containing a description of such breach, (iv) Employee deliberately causes harm to the Company's business affairs; (v) Employee breaches any of the provisions of the Non- compete Agreement (Exhibit B); and/or (vi) circumstances that constitute "cause" or do not entitle Employee to severance payments under any applicable law and/or under any judicial decision of a competent tribunal.
- 6.6. Without derogating from the Company's rights pursuant to any applicable law, in the event that Employee shall terminate Employee's employment with the Company with immediate effect or upon shorter notice than the Notice Period, the Company shall have the right to offset the amount of compensatory payment to which Employee would otherwise have been

entitled under the Prior Notice Law or any part thereof, as the case may be, from any other payments payable to Employee.

- 6.7. Upon termination of Employee's employment with the Company, and as a condition to the fulfillment of Company's obligations, if any, towards Employee at such time, Employee affirms and undertakes to transfer Employee's Position to its replacement, as shall be determined by Company, in an efficient, complete, appropriate and orderly manner, and to fulfill Employee's obligations under this Agreement.
- 6.8. Upon termination of this Agreement or at such other time as directed by the Company, the Employee shall immediately return to the Company each and every asset (including documents and information) in his possession or control which belongs, or has been entrusted, to the Company.

Furthermore, upon termination of this Agreement, or at such other time as directed by the Company, the Employee shall provide the Company with a list of all passwords, write-protect codes and similar access codes used in the context of his work.

7. General Provisions

- 7.1. All of the payments and benefits provided to you under this Agreement are gross amounts and shall be subject to the withholding of all applicable taxes and deductions required by any applicable law.
- 7.2. Employee shall not be entitled to any additional bonus, payment or other compensation in connection with Employee's employment with the Company, other than as provided herein.

- 7.6. The Company's failure or delay in enforcing any of the provisions of this Agreement shall not, in any way, be construed as a waiver of any such provisions, or prevent the Company

thereafter from enforcing each and every other provision of this Agreement, including those which were previously not enforced.

- 7.7. This Agreement shall not be amended, modified or varied by any oral agreement or representation other than by a written instrument executed by both parties.
- 7.8. This Agreement shall be interpreted and construed in accordance with the laws of the State of Israel. The parties submit to the exclusive jurisdiction of the competent courts of the city of Tel Aviv in any dispute related to this Agreement.

In the event the employer has not paid an addition to the said 12%, his payments shall be only in lieu of 72% of the employee's severance pay;

(b) To the Insurance Fund are not less than one of the following:

(2) $13\frac{1}{3}\%$ of the Exempt Salary, if the employer pays for his employee in addition thereto also payments to secure monthly income in the event of disability, in a plan approved by the Commissioner of the Capital Market, Insurance and Savings Department of the Ministry of Finance, in an amount required to secure at least 75% of the Exempt Salary or in an amount of $2\frac{1}{2}\%$ of the Exempt Salary, the lower of the two (hereinafter: "**Disability Insurance**");

and in such case the Employer's Payments shall only replace 72% of the Employee's severance pay; In the event the employer has paid in addition to the foregoing payments to supplement severance pay to a benefit fund for severance pay or to an Insurance Fund in the employee's name in an amount of 2¹/₃% of the Exempt Salary, the Employer's Payments shall replace 100% of the employee's severance pay.

- (4) No later than three months from the commencement of the Employer's Payments, a written agreement is executed between the employer and the employee in which -

This Confidentiality, Inventions, Non-Competition and Non-Solicitation Agreement (the “**Agreement**”) is entered into this June 4, 2024 by and between **Playtika Ltd.** (the “**Company**”) and **Uri Rubin** (the “**Employee**”). All business records, papers and documents however documented, kept or made by Employee relating to the business and affairs of Company shall be and remain the property of Company.
- 1.3. Employee further recognizes and acknowledges that such Proprietary Information is a valuable and unique asset of Company's business and affairs, and that its use or disclosure other than in accordance with the provisions of the employment agreement between Employee and the Company (the "**Employment Agreement**"), would cause Company substantial loss and damages. Accordingly, Employee undertakes and agrees that, at all times, during the period as of the Commencement Date of Employment and until the Effective Date (both terms as defined in the Employment Agreement), the term of Employee's employment with the Company (the "**Term**") and upon its expiration thereafter, Employee kept and shall continue to keep in confidence and trust all Proprietary Information, and any part thereof, and shall not use or disclose and/or make available, directly or indirectly, to any third party any Proprietary Information without the prior written consent of Company, except and to the extent as may be necessary in the ordinary course of performing Employee's duties pertaining to Company and except and to the extent as may be required under any applicable law, regulation, judicial decision or determination of any governmental entity.

 - 1.4.4. Upon termination of Employee's employment, and/or as otherwise requested by

Company, to promptly deliver to Company all Proprietary Information and any and all copies thereof, in whatever form, that had been furnished to Employee, prepared thereby and/or came to Employee's possession in any manner whatsoever, during and in the course of his employment with Company, and shall not retain and/or make copies thereof in whatever form.

1.4.5. To compensate, reimburse and indemnify the Company and/or any third party, including without limitation, Company's clients, for any damage, expense and/or payment incurred by them or demanded of them in consequence of a breach of Employee's aforementioned undertakings.

1.5. "Company" in this Section 1 and in Sections 2 and 3 below shall also mean the Company and any other legal entity, which directly or indirectly, controls the Company, is controlled by the Company and/or is under common control with the Company. It is clarified that the above definition shall not be construed as creating employee-employer relationship between the Employee and any other entity other than the Company as defined in the preamble to this Agreement.

2. Inventions

2.1. Employee agrees to promptly and from time to time fully inform and disclose to the Company all derivatives, inventions, designs, improvements and discoveries which Employee now has or may hereafter make and/or conceive during the Term which pertain to or relate to the Company and its business or to any experimental and/or developmental work performed by the Company and/or to the Company's Proprietary Information, whether conceived by Employee alone or with others and whether or not conceived during regular working hours or prior to or after the date of this Agreement ("Inventions").

2.2. All Inventions, and any and all rights, interests and title therein, shall be the exclusive property of the Company and Employee shall not be entitled to, and hereby waives now and/or in the future, any claim, right, compensation and/or reward in connection therewith, including any right for royalties in Service Inventions, as defined in Section 132 of the Patent Law, 1967 (the "Patent Law"), in accordance with the Patent Law, other than as specifically set forth in this Agreement. This clause constitutes an express agreement between Employee and the Company for the purposes of Section 134 of the Patent Law.

2.3. In the event that by operation of law, any Invention shall be deemed Employee's, the Employee hereby assigns and shall in the future take all the requisite steps (including by way

of illustration only, signing all appropriate documents) to assign to the Company and/or its designee any and all of his foregoing rights, titles and interests, on a worldwide basis, and hereby further acknowledges and shall in the future acknowledge the Company's full and exclusive ownership in all such Inventions. Employee shall, prior to or following termination of this Agreement, execute all documents and take all steps necessary to effectuate the assignment to the Company or its designee(s) and/or to assist the Company to obtain and/or perfect the exclusive and absolute rights, title and interests in and to all Inventions, whether by the registration of patent, trade mark, trade secret and/or any other applicable legal protection, and to protect same against infringement by any third party.

2.4. Without derogating from the generality of the foregoing, the provisions of this Section 2 shall apply with equal force and effect to all items that may be subject to copyright or trademark protection.

3. **Non-Competition and Non-Solicitation**

3.1. Employee hereby covenants to the Company that throughout the Term and thereafter for a period of twelve (12) months following the effective date of termination of Employee's employment howsoever arising, Employee shall not:

3.1.1. Engage, directly or indirectly, in any capacity whatsoever, whether independently or as an employee, consultant or otherwise, through any corporate body and/or with or through others, in any activity competing with the actual and/or planned activities of the Company and its affiliates, as same have existed and shall exist from time to time during the Term and as shall exist at the effective date of termination of Employee's employment with the Company.

its affiliates shall have any contractual and/or commercial relationship as an employee, consultant, licensor, joint venture, supplier, customer, distributor, agent or contractor of whatsoever nature, existing or under negotiation on, or within the twelve (12) months prior to, the effective date of termination of Employee's employment with the Company.

- 3.2. Employee acknowledges that the restrictions set forth in this Section 3 are fair and reasonable, and are essential for protection of the Company's business, the Company's proprietary rights and other legitimate interests of the Company, in view of the nature of the business in which the Company is engaged. Employee further acknowledges that the above restrictions are customarily complied with by persons situated in a similar position, correspond with fair dealing requirements and are adequate in light of Employee's usage of the Company resources during Employee's employment hereunder.
- 3.3. Employee is aware of and acknowledges that Employee's obligations under Section 3.1 are derived from Employee's access to the Company's Propriety Information and confidential information and that a portion of the salary paid to the Employee pursuant to the Employment Agreement constitutes a special consideration given to Employee in return for the aforesaid undertakings. Notwithstanding the above, the Employee declares that he is financially capable of undertaking these non-compete provisions.
- 3.4. If any one or more of the terms contained in this Section 3 shall, for any reason, be held to be excessively broad with regard to time, geographic scope or activity, the term shall be construed in a manner to enable it to be enforced to the extent compatible with applicable law.

4. **Third Party Information**

- 4.1. The Employee represents and undertakes that he did not and will not disclose to the Company any proprietary or confidential information belonging to any third party, including any prior or current employer or contractor, unless the written approval of that third party was received.
- 4.2. The Employee recognizes that the Company may receive in the future from third parties their confidential or proprietary information, subject to a duty on the Company's part to maintain the confidentiality of such information and to use it only for certain limited purposes. The Employee undertakes to hold all such confidential or proprietary information in the strictest confidence and not to disclose it to any person or entity or to use it except as necessary in carrying out his services for the Company, consistent with the Company's agreement with

such third party.

5. **Modification and Waiver.** This Agreement may not be modified or amended or terminated except by an instrument in writing signed by the parties. No term or condition of this Agreement will be deemed to have been waived, except by written instrument of the party charged with such waiver. No such written waiver will be deemed to be a continuing waiver unless specifically stated therein, and each such waiver will operate only as to the specific term or condition waived and shall not constitute a waiver of such term or condition for the future or as to any act other than that specifically waived.
6. **Governing Law; Jurisdiction.** This Agreement and its validity, interpretation, performance and enforcement will be governed by the laws of the State of Israel, without regard to conflicts of laws principles. All judicial proceedings with respect to this Agreement or any transactions contemplated hereby or thereby shall be brought exclusively in any court of competent jurisdiction in the city of Tel-Aviv Jaffa.
7. **Binding Effect.** This Agreement will be binding, upon and inure to the benefit of Employee, the Company, and their respective successors and permitted assigns; provided, however, that Employee may not assign this Agreement or any part hereof.
8. **Survival.** The provisions of Section 1, 2 and 3 hereto shall survive termination of the Employment Agreement and shall be and remain in full force and effect at all times thereafter.

- 2.1.7. The Employee shall use the resources that the Company has put at Employee's disposal (including sensitive data and information) exclusively for the purpose

- 2.2.2. The Employee has the requisite qualifications, experience and knowledge to perform the Employee's obligations under this Agreement.

- 2.2.3. The Employee is not involved, directly or indirectly, in any business and/or affairs and/or matters that constitute or may constitute a conflict of interests with Employee's employment with the Company under this Agreement.
- 2.2.4. The execution and delivery of this Agreement and the fulfillment of the terms hereof: (i) will not constitute a default under or breach of any agreement or other instrument to which he is a party or by which he is bound, including without limitation, any confidentiality or non-competition agreement, (ii) do not require the consent of any person or entity, and (iii) shall not utilize during the term of Employee's employment any proprietary information of any third party, including prior employers of the Employee.

The Employee undertakes that he has no claims and/or demands of any kind against the Company regarding his employment during such period other than his entitlement to the above-mentioned accrued entitlements.

3. Compensation

- 3.1. Subject to and in pursuance of the Employee's fulfillment of Employee's obligations under this Agreement, the Company shall pay Employee a monthly gross salary of NIS 85,000 (the "**Salary**").
- 3.2. Without derogating from the above said in Section 1.5 of the Agreement, it is hereby clarified that the Salary is calculated based on two separate components as follows: (1) a gross monthly base salary of NIS 68,000 (the "**Basic Salary**"); (2) a gross monthly global compensation of NIS 17,000 (the "**Global Compensation**"), as payment for working 64 overtime hours per month. The Global Compensation has been determined according to an

estimation of the scope of work which the Employee shall be required to perform.

- 3.3. The Global Compensation shall be paid to Employee on a monthly basis, whether or not the Employee has actually performed work during overtime hours at any specific month. It is hereby agreed and acknowledged that the Global Compensation shall constitute the full consideration to which the Employee shall be entitled for the Employee's work during overtime hours. The Employee shall not be entitled to any additional payment and/or other compensation, other than the Global Compensation, for any work performed during overtime hours.
- 3.4. If the quota of regular hours of work/additional hours per any given month had not been required or worked in practice, the global Compensation made for the same month shall become advance payment on the reward for additional hours the Employee shall work in the future.
- 3.5. Notwithstanding the above, the Employee will report the Company the actual hours of work.
- 3.6. The Salary shall be payable by no later than the ninth (9th) day of the consecutive calendar month following the calendar month of employment to which the payment relates.
- 3.7. Israeli income tax and other applicable withholdings with respect to the Salary shall be deducted from the Salary by the Company at source.
- 3.8. Unless otherwise specifically set forth herein, the Salary shall serve as the basis for deductions and contributions to the Pension Arrangement (as defined hereinafter) and for the calculation of all social benefits to which Employee is entitled hereunder.
- 3.9. An amount equal to 10% of the Salary shall be considered as a special compensation for the obligations not to compete with the Company, as set forth in **Exhibit B**. For clarification purposes such special consideration is already embedded in the Salary.
- 3.10. The Employee will be eligible to participate in the Company's discretionary management bonus plan. The award itself and/or its amount under this plan are discretionary and left to the sole judgment of the Company. To receive payment of this bonus, the Employee must be employed by the Company at the time of payment of such bonus. It is clarified that the bonus, if and when paid, shall not constitute a salary component for any purpose, including for the purpose of calculating any fringe benefits.

4. **Social and Fringe Benefits**

4.1. **Pension Arrangement**

- 4.1.1. The Employee shall be entitled to contributions to a pension arrangement of his choice (the “**Pension Arrangement**”) at the following monthly rates:
- 4.1.1.1. The Company shall contribute an aggregate monthly amount equal to 14.83% of the Salary as follows:
- (i) 8.33% of the Salary towards severance pay component; and
 - (ii) 6.5% of the Salary towards compensatory payments component (“tagmulim”). In case the Employee is insured in a manager insurance policy or a provident fund (which is not a pension fund), the said rate shall include the rate of contributions towards the disability insurance, ensuring loss of earning payment of 75% of the Salary but no less than 5% towards the compensatory payments component, all subject to the terms of the Extension Order regarding the Increase of Pension Contributions - 2016 (the “**Pension Order 2016**”). In accordance with the terms of the Pension Order 2016, if the said rate shall not be sufficient to insure the Employee in disability insurance, the total rate of contributions shall not, in any case, exceed 7.5% of the Salary.
- 4.1.1.2. Employee shall contribute, and for that purpose Employee hereby irrevocably authorizes and instructs the Company to deduct from the Employee’s Salary at source, an aggregate monthly amount equal to 6% of the Salary to be paid on the Employee’s account to the Pension Arrangement.
- 4.1.2. The contributions rates under this Section 4.1 shall be updated and amended in accordance with the law and any relevant Extension Order.
- 4.1.3. The Company and Employee respectively declare and covenant that as evidenced by their respective signatures, they hereby agree and undertake to apply and be bound by the general settlement regulated in the General Order as amended (attached hereto as **Exhibit A**) published under section 14 of the Severance Pay Law 1963. The Company’s contributions to the Employee’s Pension Arrangement will therefore constitute the Employee’s entire entitlement to severance pay in respect of the paid Salary, in place of any severance pay to which the Employee otherwise may have become entitled at

law.

- 4.1.4. In the event of termination of Employee's employment under this Agreement for any reason other than a Termination for Cause (as defined below), the Employee shall be entitled to all sums accumulated in the said policies, including the Severance Pay.
- 4.1.5. The Company hereby forfeits any right it may have in the reimbursement of sums paid by Company into the above mentioned Pension Arrangement, except in the event of: (i) the Employee withdrawing such sums from the Pension Insurance Policy, other than in the event of death, disability or retirement at, or after, the age of 60; and (ii) in the occurrence of any of the events provided for in Section 16 and 17 of the Severance Payment Law, 1963.
- 4.2. Advanced Study Fund. The Company shall make monthly Advanced Study Fund contributions as follows: 7.5% of the Salary paid by the Company on its account and 2.5% of the Salary to be deducted by the Company from such Salary to be paid on the employee's account, in each case up to the ceiling recognized by the income tax authorities from time to time, but not otherwise. The Employee shall bear any and all taxes applicable in connection with amounts payable by Employee and/or Company to the Advanced Study Fund.
- 4.3. Vacation. Employee shall be entitled to an annual leave of 24 working days per year. Each leave shall be coordinated with the Direct Supervisor with adequate regard to the needs of the Company. The Employee shall be entitled to cumulative paid vacations according to the applicable laws. Any leave days remaining unexploited at the end of any 12-month period of employment may be accrued for use during the next succeeding 12-month periods of Employee's employment thereafter, up to an aggregate of Employee's annual leave quota for two consecutive 12-month periods (but only if and to the extent permitted by applicable law). Prior to the expiration of a two-year period, the Company may, in its sole discretion, require the Employee to exploit any unexploited leave days exceeding such quota. Any amounts exceeding such limit, shall be cancelled by the Company and, for the avoidance of doubt, shall not be paid out on termination.
- 4.4. Sick Leave. Employee shall be entitled to sick leave in accordance with applicable laws and regulations as in effect from time to time. Despite the above, the Employee shall be entitled to sick leave payment from the first day of absence, subject to Company's policy as may be from time to time.

- 4.5. Recreation Pay. Employee shall be entitled to annual recreation pay in accordance with applicable law.
- 4.6. Mobile Device. The Employee shall be entitled to a cellular phone according to the Company's Israel Mobile Device Policy, as shall be in effect from time to time.
- 4.7. Equipment. The Company may, from time to time, provide the Employee with other equipment (the "**Equipment**") for the Employee's use in the course of performing the Employee's obligations pursuant to the Position, provided that the Company's procedures in respect thereof are followed. Employee shall bear and pay all (if any) taxes applicable to him in connection with any such Equipment provided. The Employee shall return any such Equipment to the Company's principal office immediately following the cessation of the Employee's employment hereunder, and the Employee shall not have any rights of lien, delay or set-off with respect to the Equipment.
- 4.8. Transportation Expenses. In addition to the Salary, the Company shall pay the Employee a monthly net amount of NIS 1,000 as reimbursement of transportations expenses from Employee's home to his work and back.
- 4.9. Expenses Reimbursement. The Company shall reimburse Employee for any out-of-pocket expenses from time to time properly incurred by Employee in direct connection with his employment by the Company (including parking expenses), provided, however, that such expenses have been approved in writing and in advance by the Company. As a condition to such reimbursement, Employee shall provide the Company with the original invoices, receipts and other evidence of expenditures.
5. **Confidentiality, Inventions, Non-Competition and Non-Solicitation Agreement**

The Employee shall execute the Confidentiality, Inventions, Non-Competition and Non-Solicitation Agreement in the form attached hereto as **Exhibit B**.
6. **Termination of Employment**
 - 6.1. Either party may, at any time during the Term, provide the other party hereto with at least thirty (30) days of a prior written notice (the "**Termination Notice**" and the "**Notice Period**" accordingly). The Termination Notice must be in writing and shall set forth both the date on which said notice is being furnished and the date on which the Termination Notice shall be effective. Notwithstanding the above, the Company shall be entitled to consider the Employee's clear and unequivocal oral notice of resignation as binding, in the absence of a written notice.

- 6.2. During the Notice Period, the Employee shall be obligated to continue to discharge and perform all of Employee's duties and obligations with the Company and to take all steps, satisfactory to the Company, to ensure the orderly transition to any persons designated by the Company of all matters handled by Employee during the course of Employee's employment with the Company.
- 6.3. Notwithstanding Section 6.2. above, the Company may, in its sole discretion: (i) waive any and/or all of Employee's services with the Company during the Notice Period or any part thereof or; (ii) terminate the employer-employee relationship prior to the completion of the Notice Period; provided that in any such event, the Company shall pay Employee for the aforesaid Notice Period or any part thereof, a sum equal to the compensatory payment required under applicable law.
- 6.4. Notwithstanding the provisions of Sections 6.2 and 6.3 above, the Company, by furnishing a notice to Employee, shall be entitled to terminate Employee's employment with the Company with immediate effect in the event that said termination is Termination for Cause (as defined below). In the event of such Termination of Cause, then without derogating from the rights of the Company under this Agreement and/or any applicable law, the Employee shall not be entitled to any of the consideration specified in Section 6.1 above and any and all options granted to the Employee (if any), whether or not such options are vested, shall immediately expire.
- 6.5. The term "**Termination for Cause**" shall mean termination of Employee's employment with Company as a result of the occurrence of any one of the following: (i) Employee has committed a criminal offense; (ii) Employee is in breach of Employee's duties of trust or loyalty to the Company; (iii) any material breach of this Agreement which has not been cured by Employee within fifteen (15) days after his receipt of notice from the Company containing a description of such breach, (iv) Employee deliberately causes harm to the Company's business affairs; (v) Employee breaches any of the provisions of the Non- compete Agreement (Exhibit B); and/or (vi) circumstances that constitute "cause" or do not entitle Employee to severance payments under any applicable law and/or under any judicial decision of a competent tribunal.
- 6.6. Without derogating from the Company's rights pursuant to any applicable law, in the event that Employee shall terminate Employee's employment with the Company with immediate effect or upon shorter notice than the Notice Period, the Company shall have the right to offset the amount of compensatory payment to which Employee would otherwise have been

entitled under the Prior Notice Law or any part thereof, as the case may be, from any other payments payable to Employee.

- 6.7. Upon termination of Employee's employment with the Company, and as a condition to the fulfillment of Company's obligations, if any, towards Employee at such time, Employee affirms and undertakes to transfer Employee's Position to its replacement, as shall be determined by Company, in an efficient, complete, appropriate and orderly manner, and to fulfill Employee's obligations under this Agreement.
- 6.8. Upon termination of this Agreement or at such other time as directed by the Company, the Employee shall immediately return to the Company each and every asset (including documents and information) in his possession or control which belongs, or has been entrusted, to the Company.

Furthermore, upon termination of this Agreement, or at such other time as directed by the Company, the Employee shall provide the Company with a list of all passwords, write-protect codes and similar access codes used in the context of his work.

7. **General Provisions**

- 7.1. All of the payments and benefits provided to you under this Agreement are gross amounts and shall be subject to the withholding of all applicable taxes and deductions required by any applicable law.

- 7.7. This Agreement shall not be amended, modified or varied by any oral agreement or representation other than by a written instrument executed by both parties.
- 7.8. This Agreement shall be interpreted and construed in accordance with the laws of the State of Israel. The parties submit to the exclusive jurisdiction of the competent courts of the city of Tel Aviv in any dispute related to this Agreement.

Exhibit B

CONFIDENTIALITY, INVENTIONS, NON-COMPETITION AND NON-SOLICITATION AGREEMENT

This Confidentiality, Inventions, Non-Competition and Non-Solicitation Agreement (the “**Agreement**”) is entered into this June 9, 2024 by and between **Playtika Ltd.** (the “**Company**”) and **Ariel Sandler** (the “**Employee**”). This Agreement sets forth the entire agreement between the parties hereto concerning the subject matter hereof and supersedes all prior agreements and understandings concerning the subject matter hereof. In consideration of employment by the Company of Employee, which Employee acknowledges to be good and valuable consideration for the Employee’s obligations hereunder, the Company and Employee agree as follows:

1. **Proprietary Information and Confidentiality**

- 1.1. Employee is aware that in the course of Employee’s employment with Company and/or in direct connection therewith Employee had and will continue to have access to, and be entrusted with, technical, proprietary, sales, legal and financial data and information in direct connection with the affairs and business of Company, its affiliates, customers and suppliers, and including information received by Company from any third party subject to obligations of confidentiality towards said third party, all of which such data and information, whether documentary, written, oral or computer generated, shall be deemed to be, and referred to as “**Proprietary Information**”, which, by way of illustration but not limitation, shall include trade and business secrets, trade names (registered or not), processes, patents improvements, ideas, inventions (whether reduced to practice or not), techniques, products, technologies (actual or planned), financial statements, marketing plans, strategies, forecasts, customer and/or suppliers lists and/or relations, research and development activities, formulas, data, know-how, designs, discoveries, models, vendors, computer hardware and computer software and programs (including object code and source code), computer software and database technologies, systems, structures and architectures (and related processes, algorithms, compositions, improvements, know-how, inventions, discoveries, concepts, ideas, designs, methods and information) of Company, drawings, operating procedures, pricing methods, marketing strategies, future plans, dealings and transactions, except for such information which, on the date of disclosure is, or thereafter becomes, available in the public domain through no fault on the part of Employee. For the avoidance of any doubt, Employee may not use Company’s name or trademarks in any activity not made by or for the Company.

- 1.2. Employee agrees and declares that all Proprietary Information, patents and/or patent applications, copyrights and other intellectual property rights in connection therewith, are and shall remain the property of Company and its assigns on sole and exclusive basis. All business records, papers and documents however documented, kept or made by Employee relating to the business and affairs of Company shall be and remain the property of Company.
- 1.3. Employee further recognizes and acknowledges that such Proprietary Information is a valuable and unique asset of Company's business and affairs, and that its use or disclosure other than in accordance with the provisions of the employment agreement between Employee and the Company (the "**Employment Agreement**"), would cause Company substantial loss and damages. Accordingly, Employee undertakes and agrees that, at all times, during the period as of the Commencement Date of Employment and until the Effective Date (both terms as defined in the Employment Agreement), the term of Employee's employment with the Company (the "**Term**") and upon its expiration thereafter, Employee kept and shall continue to keep in confidence and trust all Proprietary Information, and any part thereof, and shall not use or disclose and/or make available, directly or indirectly, to any third party any Proprietary Information without the prior written consent of Company, except and to the extent as may be necessary in the ordinary course of performing Employee's duties pertaining to Company and except and to the extent as may be required under any applicable law, regulation, judicial decision or determination of any governmental entity.
- 1.4. Without derogating from the generality of the foregoing, Employee agrees as follows:
 - 1.4.1. Not to copy, transmit, reproduce, summarize, quote, publish and/or make any commercial or other use whatsoever of the Proprietary Information, or any part thereof, without the prior written consent of Company, except as may be necessary in the performance of employee's duties pertaining to Company;
 - 1.4.2. To exercise the highest degree of care in safeguarding the Proprietary Information against loss, theft or other inadvertent disclosure and to take all reasonable steps necessary to ensure the maintaining of confidentiality;
 - 1.4.3. Not to enter into the data bases of Company for any purpose whatsoever, including, without limitation, review, download, insert, change, delete and/or relocate any information, except as may be necessary in the performance of Employee's duties pertaining to Company;
 - 1.4.4. Upon termination of Employee's employment, and/or as otherwise requested by

Company, to promptly deliver to Company all Proprietary Information and any and all copies thereof, in whatever form, that had been furnished to Employee, prepared thereby and/or came to Employee's possession in any manner whatsoever, during and in the course of his employment with Company, and shall not retain and/or make copies thereof in whatever form.

1.4.5. To compensate, reimburse and indemnify the Company and/or any third party, including without limitation, Company's clients, for any damage, expense and/or payment incurred by them or demanded of them in consequence of a breach of Employee's aforementioned undertakings.

1.5. "Company" in this Section 1 and in Sections 2 and 3 below shall also mean the Company and any other legal entity, which directly or indirectly, controls the Company, is controlled by the Company and/or is under common control with the Company. It is clarified that the above definition shall not be construed as creating employee-employer relationship between the Employee and any other entity other than the Company as defined in the preamble to this Agreement.

2. **Inventions**

2.1. Employee agrees to promptly and from time to time fully inform and disclose to the Company all derivatives, inventions, designs, improvements and discoveries which Employee now has or may hereafter make and/or conceive during the Term which pertain to or relate to the Company and its business or to any experimental and/or developmental work performed by the Company and/or to the Company's Proprietary Information, whether conceived by Employee alone or with others and whether or not conceived during regular working hours or prior to or after the date of this Agreement ("**Inventions**").

2.2. All Inventions, and any and all rights, interests and title therein, shall be the exclusive property of the Company and Employee shall not be entitled to, and hereby waives now and/or in the future, any claim, right, compensation and/or reward in connection therewith, including any right for royalties in Service Inventions, as defined in Section 132 of the Patent Law, 1967 (the "Patent Law"), in accordance with the Patent Law, other than as specifically set forth in this Agreement. This clause constitutes an express agreement between Employee and the Company for the purposes of Section 134 of the Patent Law.

2.3. In the event that by operation of law, any Invention shall be deemed Employee's, the Employee hereby assigns and shall in the future take all the requisite steps (including by way

of illustration only, signing all appropriate documents) to assign to the Company and/or its designee any and all of his foregoing rights, titles and interests, on a worldwide basis, and hereby further acknowledges and shall in the future acknowledge the Company's full and exclusive ownership in all such Inventions. Employee shall, prior to or following termination of this Agreement, execute all documents and take all steps necessary to effectuate the assignment to the Company or its designee(s) and/or to assist the Company to obtain and/or perfect the exclusive and absolute rights, title and interests in and to all Inventions, whether by the registration of patent, trade mark, trade secret and/or any other applicable legal protection, and to protect same against infringement by any third party.

2.4. Without derogating from the generality of the foregoing, the provisions of this Section 2 shall apply with equal force and effect to all items that may be subject to copyright or trademark protection.

3. **Non-Competition and Non-Solicitation**

3.1. Employee hereby covenants to the Company that throughout the Term and thereafter for a period of twelve (12) months following the effective date of termination of Employee's employment howsoever arising, Employee shall not:

3.1.1. Engage, directly or indirectly, in any capacity whatsoever, whether independently or as an employee, consultant or otherwise, through any corporate body and/or with or through others, in any activity competing with the actual and/or planned activities of the Company and its affiliates, as same have existed and shall exist from time to time during the Term and as shall exist at the effective date of termination of Employee's employment with the Company.

3.1.2. Accept any position, whether as employee, consultant or otherwise with, or hold any interest in, any corporate body that competes with the actual and/or planned activities of the Company as same shall exist at the termination of his employment under this Agreement; provided, however, that nothing stated herein shall preclude Employee from owning a stock interest not greater than 5% in any publicly traded corporation.

3.1.3. Whether on Employee's own account and/or on behalf of others, in any way interfere with and/or endeavor to entice away, or offer or solicit for the purpose of

so interfering and/or enticing away, from the Company and/or any of its affiliates, any person, firm or company with whom the Company and/or any of

its affiliates shall have any contractual and/or commercial relationship as an employee, consultant, licensor, joint venture, supplier, customer, distributor, agent or contractor of whatsoever nature, existing or under negotiation on, or within the twelve (12) months prior to, the effective date of termination of Employee's employment with the Company.

- 3.2. Employee acknowledges that the restrictions set forth in this Section 3 are fair and reasonable, and are essential for protection of the Company's business, the Company's proprietary rights and other legitimate interests of the Company, in view of the nature of the business in which the Company is engaged. Employee further acknowledges that the above restrictions are customarily complied with by persons situated in a similar position, correspond with fair dealing requirements and are adequate in light of Employee's usage of the Company resources during Employee's employment hereunder.
- 3.3. Employee is aware of and acknowledges that Employee's obligations under Section 3.1 are derived from Employee's access to the Company's Propriety Information and confidential information and that a portion of the salary paid to the Employee pursuant to the Employment Agreement constitutes a special consideration given to Employee in return for the aforesaid undertakings. Notwithstanding the above, the Employee declares that he is financially capable of undertaking these non-compete provisions.
- 3.4. If any one or more of the terms contained in this Section 3 shall, for any reason, be held to be excessively broad with regard to time, geographic scope or activity, the term shall be construed in a manner to enable it to be enforced to the extent compatible with applicable law.

4. **Third Party Information**

- 4.1. The Employee represents and undertakes that he did not and will not disclose to the Company any proprietary or confidential information belonging to any third party, including any prior or current employer or contractor, unless the written approval of that third party was received.
- 4.2. The Employee recognizes that the Company may receive in the future from third parties their confidential or proprietary information, subject to a duty on the Company's part to maintain the confidentiality of such information and to use it only for certain limited purposes. The Employee undertakes to hold all such confidential or proprietary information in the strictest confidence and not to disclose it to any person or entity or to use it except as necessary in carrying out his services for the Company, consistent with the Company's agreement with

such third party.

5. **Modification and Waiver.** This Agreement may not be modified or amended or terminated except by an instrument in writing signed by the parties. No term or condition of this Agreement will be deemed to have been waived, except by written instrument of the party charged with such waiver. No such written waiver will be deemed to be a continuing waiver unless specifically stated therein, and each such waiver will operate only as to the specific term or condition waived and shall not constitute a waiver of such term or condition for the future or as to any act other than that specifically waived.
6. **Governing Law; Jurisdiction.** This Agreement and its validity, interpretation, performance and enforcement will be governed by the laws of the State of Israel, without regard to conflicts of laws principles. All judicial proceedings with respect to this Agreement or any transactions contemplated hereby or thereby shall be brought exclusively in any court of competent jurisdiction in the city of Tel-Aviv Jaffa.
7. **Binding Effect.** This Agreement will be binding, upon and inure to the benefit of Employee, the Company, and their respective successors and permitted assigns; provided, however, that Employee may not assign this Agreement or any part hereof.
8. **Survival.** The provisions of Section 1, 2 and 3 hereto shall survive termination of the Employment Agreement and shall be and remain in full force and effect at all times thereafter.

IN WITNESS WHEREOF, the Company has caused this Agreement to be executed by its duly authorized officer and Employee has signed this Agreement, as of the date written below.
